# Probabilidad cu morto lo cay na EPB Hato ta un realidad tur dia

E accion di maestronan di EPB Hato siman pasa, ta mucho mas serio di loke a logra saca afo for di un accion di a maestronan aki, kendenan a dicidi di drenta un accion diabierna ultimo, contra di e situacion di violencia cu tin na e scol aki pero pa cual autoridadnan no tin atencion.

*“E situacion ta hopi serio, sumamente delicado ya cu loke nos ta presenciando tur siman na e scol aki, ta cosnan serio, caminda un ora pa otro ta hinca sea un alumno of un di e maestronan mirando e comportacion agresivo di alumnonan,”* un maestra a declara a na AWE Mainta.

E situacion tenso bou di cual maestronan tin cu funciona, no ta algo recién pero pa algun aña caba tin un situacion cu a sigui deteriora caminda e asunto di arma ta grandi pero pa falta di un miho control, muchanan ta sigui yega scol cu arma di tur sorto.

Direktie a yega di confisca varios arma blanco, esta cuchí, ice pick, schroefdraai cu punta skerpi y hasta arma di candela cu a ser kita for di studiantenan pero e cantidad di arma na e scol, ta mucho mas grandi cu locual maestronan por papia di esakinan.

Tur dia maestronan ta ser informa di un of otro estudiante cu lo ta canando rond arma pero na momento di yama e hoben aki aden y bay over na control di su pertenencianan pa mira si e tin arma, ta resulta cu el a sconde e arma of a laga un otro amigo di dje, sconde esaki pa un rato.

No solamente e asunto di studiantenan cu ta presenta na scol c’un of otro arma, ta e problema pero tin un otro situacion caminda tin varios estudiante cu a haya cu arma den nan poder pero maestronan ta mira cu e hobennan aki no ta wordo manda cas of retira for di scol, loke a permiti e hoben aki sigui presenta na scol cu arma den su poder.

Tin caso specifico di un solo estudiante, kende na ocho ocasion a ser haya cu arma tanto arma blanco como arma di candela, supuestamente pa defende su mes pero e estudiante aki keto bay ta ser permiti pa sigui atende e scol y e posibilidad cu cualkier dia e lo por comete un of otro acto di violencia sea contra otro studiantenan of maestronan, ta hopi grandi mes.

Tin estudiante cu apenas 14 aña di edad kende a caba di yega EPB for di enseñansa secundario, a ser descubri cu arma blanco den su poder ya cu supuestamente e mester di

e arma pa defende su culpa dado caso pero e situacion aki ta ilustra un mentalidad cu no ta bon pa funcionamiento na e scol aki.

## SIGURIDAD

No tin proteccion pa maestronan y studiantenan cu no ta meti den e tipo di agresion aki ya cu mientras cu na e scol tin personal di seguridad cu ta supervisa comportacion di e muchanan y ta controla nan tas na momento cu nan yega scol pero definitivamente e personal di seguridad ta prohibi pa interveni na momento di pelea entre alumnonan y nan NO tin mag di mishi cu e studiantenan.

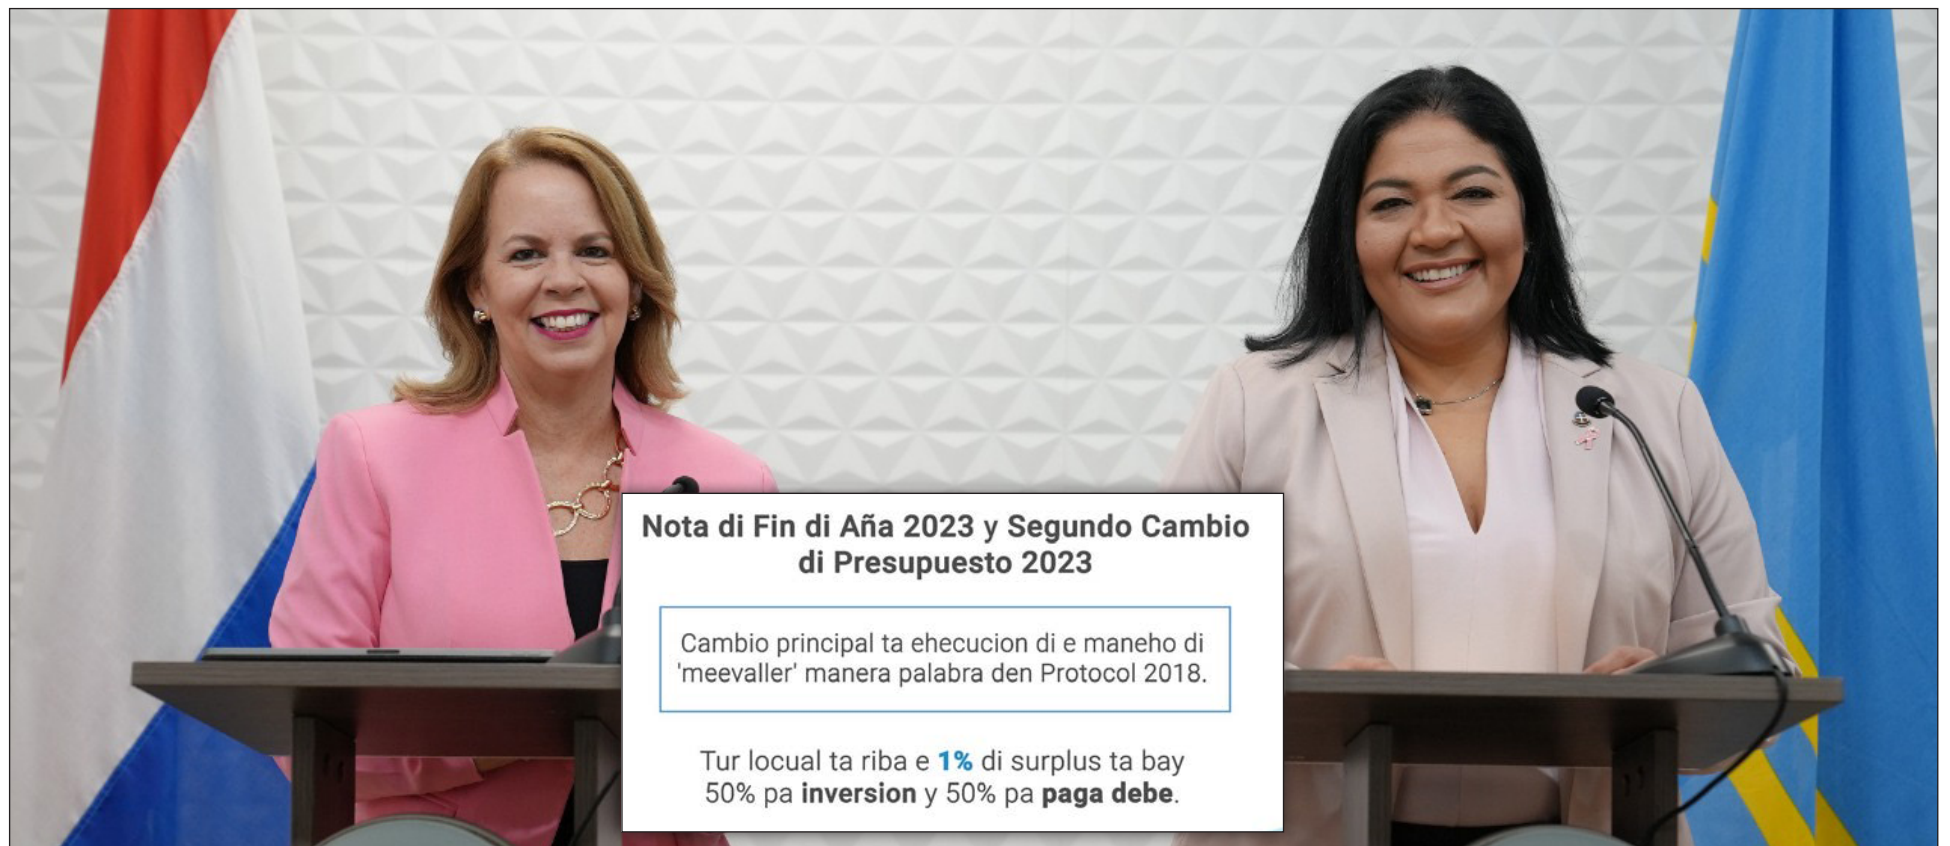

Ta for di algun tempo caba varios maestro no kier tuma turno pa supervisa studiantenan durante di pauze ya cu e situacion a asina serio cu nan no ta sinti nan mes sigur di e trabou aki, loke ta pone cu e muchanan ta sin supervision durante di pauze.

Un aspecto serio di e situacion cu tin na EPB Hato, cu ta maestronan ta buscando pa move for di e scol, pa bay traha na un scol caminda e situacion no ta asina serio y hostil manera ta e caso cu e scol di EPB Hato na e momento aki.

Esaki pa motibo cu hopi maestro ta kere cu e situacion cu tin ta asina explosivo y peligroso caminda nan ta anticipa cu e situacion aki lo por conduci na incidentenan hopi serio caminda e posibilidad ta grandi cu hasta morto lo por cay riba tereno of pafo di tereno di EPB Hato.

# Gabinete Wever Croes cu surplus di 51 miyon pa debe y inversion

Ayera nochi 7'or Gabinete Wever Croes II den un conferencia di prensa, a hubila su mes a base di e rapport di CAft cu e comision aki a emiti diabierna ultimo caminda a ser musta cu Aruba su economia a conoce progreso impactante den 2023.

Un rapport cu tabata e prome rapport positivo cu gobierno di Prome Minister Evelyn Wever Croes a bin haya positivo di parti di e comision di supervision financiero for di 2017 ora cu e prome Gabinete di e lider di MEP a tuma mando di e pais.

Despues di a analisa e bon noticia cu CAft a presenta diabierna ultimo den fin di siman y dialuna mainta, gobierno a yama un conferencia di prensa pa duna e bon noticia aki, cu gobierno dor si su maneho a logra un surplus riba presupuesto 2024 di 50.2 miyon florin.

Minister di Financia Xiomara Maduro a musta e gran satisfaccion cu su gobierno a logra cu e maneho di produci mas entrada pa caha di gobierno y asina crea un base pa sigui dilanti cu hopi positivismo pa sigui traha pa yega na un maneho duradero caminda Aruba ta cumpli cu su obligacionnan financiero.

Na mes momento el a anuncia cu e surplus aki di 50.2 miyon lo pone 25.1 miyon pa reduci e debe cu Aruba tin cu Hulanda y otro instancianan mientras cu Gabinete Wever Croes II lo bay inverti e otro 25.1 miyon florin na proyectonan di dife-

rente ministerio.

Lo atende diferente necesidadnan cu pa algun aña caba no a wordo atendi y e placa a ser reparti pa diferente ministerio di Gabinete Wever Croes y tur minister a anuncia con nan lo bay inverti e placa aki.

Practicamente tur ministerio a ricibi un tiki pa haci algun inversion di cual algun ta hopi necesario pero e suma cu tin disponibel, lo no ta suficiente pa atende cu problemanan serio cu tin cu ta responsabel di e Ministernan.

Por ehempel ayera a bira conoci cu e situacion di e pomp na Bubaliplas lo bin na remarca pa haya financiamiento pa drecha esaki, cual ta un necesidad grandi mientras cu ni e propio Prome Minister, bou di kende DOW ta resorta, tampoco a papia di uza e fondo extra aki pa drecha un infraestructura cu ta un estado hopi deplorabel.

Minister di Enseñansa tambe a keda contento cu e suma cu lo toca su ministerionan pero tampoco a menciona kico lo haci cu e placa aki y si lo alivia entre otro e suma halto cu famianan tin cu paga pa manda nan yiunan scol.

Gobierno ta contento y ayera nochi durante di e conferencia di prensa a demostra e gran felicidad cu ta reina na e momentonan aki den e coalicion di MEP-RAIZ pero si ta un hecho cu e coalicion aki a wordo sorprende por completo pa e reportahe di CAft caminda a spera cu lo tabatin mas critica y cuestionamento riba concepto di presupuesto 2024 cu a wordo entrega na Parlamento.

## Corte

# Tin motibo hustifica pa aproba retiro di Guilfred Besaril

Centrale Accountantsdienst di Aruba a haci un investigacion cu a produci un rapport amplio di con Guilfred Besaril a haci mal uzo di fondonan di Gobierno ora cu e tabata ocupa e puesto di Minister Plenipotenciario di Aruba na Hulanda.

Ta trata di diesocho punto cu a pone Gobierno yega na e decision cu no por wanta Besaril den servicio, ni como polis ni como ambtenaar na otro departamento. A cuminsa traha riba e proceso, despues cu a dun'e chens pa reacciona riba e puntonan di mal acto cu tabatin contra dje. Su reaccion no tabata convincente y a inform'e na inicio di e aña'ki cu ta bay cuminsa e proceso pa dun'e su retiro.

Naturalmente e no tabata di acuerdo y a dicidi di bay contra e decision aki y a tarda basta luna prome cu Corte a trata y yega na un decision. Na final, e resultado di Corte tabata cu tin motibo, por lo menos den algun di su actonan pa dun'e su retiro. No tin forma pa want'e na trabou. Den e veredicto por lesa cu ta papia di un total di 18 punto dividi den 4 categoria di violacionnan di su deber cu el a comete.

Den e prome e sospechonan general ta sospecha cu el a haci ordonan di pago sacando probecho financiero personal; a haci gastonan cu no ta relaciona cu trabou riba cuenta di Gobierno y no a mantene un debido control di factura.

Tin e parti di actonan cu el a comete durante biahenan priva ora cu el a haci mal uzo di placa di Aruba.

Den e periodo di 14 di december, 2020 te cu 4 di januari, 2021 a haci mal uzo di placa di Aruba; a haci mal uzo di su funcion door di recoge informacion pa saca probecho personal y haci pago na Divi Village; dia 9 di april 2021 y den e periodo di 17 di mei 2021 te cu 21 di september 2021 a haci mal uzo di fondonan di Gobierno; pa su mes el a haci uzo di serviccionan di Elever Strategy & Solution sin cu a acorda un bestelformulier y tampoco a mira si tin espacio riba presupuesto p'esey. El a haci uzo di e servicio di VIP di Schiphol riba cuenta di Gobierno di Aruba pa su mes y familiar.

Tin gastonan excesivo bou cual tin shete sospecho cu tin contra dje. E prome ta cu den e periodo di 2018 pa 2021 a gasta den forma excesivo y ineficiente placa di Gobierno pa reemplaza celularnan cada dos aña. Sin permiso necesario a haci gasto cu en realidad cu ta cosnan priva manera cumplimiento di mobilario di cas na 2018. Na 2021 el a declara facturación di compra pa mobilario di baby cu ta algo totalmente priva. Desde mei, 2019, via administracion di creditornan a restitui un prima di malesa directamente na su casa. El a desvia di e procedura normal pa lora ta contractonan di huur di Gobierno. Finalmente a haci gastonan innecesario y excesivo pa reconstruccion y renovacion di su cas di huur.

Tur e puntonan aki a hunga un rol na momento cu Gobierno a haci un evaluacion y na inicio di januari a inform'e riba e decision pa pidi su retiro.

Ministro encarga cu Turismo & Salubridad ta anuncia cu entrante **25 oktober 2023** durante 14 dia lo tin oportunidad pa un y tur tuma conocimiento na Departamento di Legislacion y Asunto Huridico, **Schotlandstraat 53**, di un peticion cu a ser haci pa obtene un **koffiehuis- y un restaurantvergunning A** pa e parcela **Bernhardstraat z/n**. E permisionan aki ta concerni e.o. benta di bebida sterki por detal y cuminda pa wordo consumi den e parcela. Den e periodo aki tur hende por expresa por escrito nan desacuerdo contra dunamento di e permisionan menciona, dirigi na e Ministro encarga cu Turismo & Salubridad via intermediacion di Director di Departamento di Legislacion y Asunto Huridico, Schotlandstraat 53.

## Parlamentario Arthur Dowers

## Surplus cu placa di pueblo no ta bay pa yuda pueblo

Parlamentario Arthur Dowers di fraccion di AVP a keda asombra hunto cu gran mayoria di pueblo, pa e alegria grandi cu Prome Minister Evelyn Wever

Coes y su Gabinete, a presenta

e bon noticia cu CAft a sorprende nan cu'ne diabierna atardi. Despues di seis aña largo, porfin Prome Minister a dicidi di bin dilanti c'un bon noticia, no pa pueblo di Aruba pero pa su gobierno, cu Hulanda keto bay no ta confia y no ta kere den nan loke nan ta bisa of haci. Minister di Financia Xiomara Maduro a presenta un concepto di presupuesto 2024 cu pa gran parti no ta klop pero e bon noticia cu el a ricibi di CAft, a saca su persona y su gobierno for di un preta hopi grandi.

Un surplus cu Gabinete Wever Croes ta mira como triunfo pero en realidad di e situacion aki ta cu e surplus aki a ser logra cu placa ranca for di cartera di pueblo, caminda den un forma sin consenshi, a presiona pueblo pa sigui carga e peso grandi di un inflacion cu pa gran parti a ser ocasiona pa introduccion di cantidad di medida. Pa colmo loke gobierno no a menciona den su conferencia di prensa dialuna anochi, tabata cu CAft a recomenda pa mas pronto cu por, introduci otro medida mas contra pueblo, esta e famoso BTW cu mester a drenta na vigor prome cu e 7% di BBO na frontera pero awor yegada di BTW ta dilanti porta di henter pueblo di Aruba. Notabel di e conferencia di prensa di ayera nochi, ningun momento Prome Minister Evelyn Wever Croes a bin duna pueblo e bon noticia cu e surplus di 50.2 milyon cu tin, ta bay pa elimina e medidanan den cuidio medico caminda tin miles di hende cu no por paga pa nan remedi of tratamiento.

Miles di hende cu ta sigui paga un cuenta halto di coriente y awa ya cu ainda Minister Glenbert Croes no a reduci e prijs di awa y coriente manera cu el a priminti y tampoco a logra acuerdonan oficial cu el a firma durante di su gira mundial pa haya petroleo of gas barata pa Aruba. Ningun di e ministernan di Gabinete Wever Croes, a informa pueblo ayera nochi cu lo aumenta onderstand y bijstand, pa yuda esunnan den necesidad y tampoco a informa pensionadonan cu nan lo ricibi un aumento cu ta mucho mas cu e 3% cu anualmente nan ta ricibi di

aumento cu den algun caso ta nifica un aumento di 27 te cu 60 florin.

"E surplus cu Prome Minister Wever Croes y su gobierno a pronk cu esaki ayera nochi, ta placa di pueblo, placa cu rico y pover a paga na cantidad di medida cu a ser introduci uno tras di otro, pa yena caha di gobierno cu a permiti na crea e surplus aki di 50.2 milyon florin. Un biaha mas pueblo por mira con gobierno di MEP y RAIZ ta gosa cu nan placa, placa cu pueblo a paga su sodo pero cu ta ricibi net nada bek for di e gobierno sin curason aki," Parlamentario Arthur Dowers a declara ayera nochi.

Banco di Caribe is a local commercial bank with 40 years of experience in providing financial services to its trusted customers. Next to our Head Office and Branches in Curaçao, the bank also operates in Bonaire and St. Maarten. **We are currently looking for suitable candidates for the following position:**

BANCO DI CARIBE

Dos programa diferente completamente adapta ne specialista y dokter di cas

# Prome biaha HOH ta organisa curso intenso tocante maneho di antibiotica

Hospital ta sigui traha duro y enfoca pa expande conocimiento di dunadonan di cuidu di Hospital mes pero tambe di Aruba y region. Recientemente a tuma luga un curso super intenso di un duracion di dos y tres dia largo organisa pa HOH Academy conhuntamente cu e comision di Antibiotica Stewardship di HOH. Pa e curso aki a desaroya dos diferente programa, esta uno completamente enfoca riba e 'eerste lijn', esta dokter di cas, dentista, fisioterapista etc. y e di dos programa enfoca riba 'tweede lijn' esta pa e specialistanan. E 'kick-off' di e curso aki a tuma luga den e sala VIP di Gloria movies unda a habri e mainta cu un sorpresa bunita di sr. Jacco Vroegop, director di HOH pa dr. Jaclyn de Kort unda a gradici'e pa su perseverancia y inspiracion pa ta e motor cu a inicia y sigui pusha pa e lucha contra AntiMicrobial Resistance (AMR) na Aruba y HOH.

## UN BON RESULTADO

E meta di e curso tabata pa tanto e dunadonan di cuidu topa y asina mira unda por traha hunto y fortalece otro pa e bon di e pashent. Tambe e curso tabatin como meta pa duna hopi informacion y alabes papia di casonan practico pa asina nan eherce durante nan funcion. Lenie Denteneer, Manager di HOH Academy ta sumamente contento cu e resultado di e prome curso riba e tereno di maneho di antibiotica y ta di pensamiento cu e profesionalnan cu a asisti e curso ta un paso mas dilanti pa loke ta trata antibiotica.

Denteneer a expresa cu "nan tabata en busca di un curso cu lo por involucra e 'eerste lijn' como tambe e 'tweede lijn' y ey nan a cay riba e uzo y maneho di antibiotica. Esaki sigur ta algo hopi importante pa loke ta e uzo corecto pero tambe pa e parti di resistencia. HOH Academy a tuma contacto cu e Antibiotic Stewardship Commission di HOH y asina e bala cuminsa lora y a logra yega na e tremendo curso aki."

## ORADOR FOR DI DIFERENTE PAIS

Anna Posner, Clinical Teacher i.o. di HOH Academy a comenta cu "varios profesional a bin for di Hulanda pa comparti nan conocimiento na e curso aki, pero tambe a conta cu varios profesional local di e Antibiotic Stewardship Commission." E tabata importante mira y tende for di varios dokter cu diferente specialisacion procedente for di diferente pais p'asina mira cua ta e antibiotica corecto pa e diferente infeccionnan y virus. Sin duda, e interaccion cu e dokternan tabata loke a resalta y haci e curso mas interesante pa tur esnan cu a atende. Posner a expresa cu tur hende tabata masha entusiasma y nan a sinti cu despues di e curso nan por a bay y hinca e conocimiento adkiri den practica.

## CONOCIMIENTO TA IMPORTANTE

A conta cu presencia di cursistanan for di Aruba, Hulanda, Boneiro, Surnam y Corsou. Posner a comenta cu e tabata interesante pa mira con e dokternan ta atende cu cierto problema di salud y e motibo dicon nan ta scoge pa un cierto antibiotica. E informacion aki ta importante pasobra por ripara cu den cierto comunidad nan ta 'build up' un resistencia y pa logra esey ta scoge pa un antibiotica en bes di e otro. Pues e escogencia di uzo di antibiotica corecto pe pashent ta hopi importante.

## SOSTEN TA IMPORTANTE PA EXITO

Pa finalisa Denteneer di HOH Academy, a expresa cu pa logra exito bo mester di un team y e curso aki el a traha hopi bon y di cerca cu e Antibiotic Stewardship Commission cu a hinca gran parti di e programa den otro y alabes pa a garantiza pa e curso ta adapta pa e cuidu aki na Aruba, pero tambe a traha bon cu e Departamento di Comunicacion pa e parti di mercadeo y danki na Hunta di Directiva di HOH cu for di comienso a sostene e idea di e curso y a yuda pa e tabata un exito rotundo. Por ultimo danki na cada participante cu a kere den e curso aki y e tema di maneho di antibiotica mirando cu ta prome biaha cu ta organisa esaki na Aruba.

Minister Glenbert Croes:

# Apertura di EPE lo ta na november venidero

**M**inister di Labor Glenbert Croes, encarga cu Enseñansa Pa Empleo (EPE), a anuncia cu e apertura oficial di EPE, lo ta November venidero. E luga a wordo completamente renoba. Nan a ricibi computernan nobo y a crea un logo completamente nobo cu ta representa e EPE nobo. Minister Croes a remarca cu e ta sumamente gradicido n'e apoyo grandi cu EPE a bin ta ricibiendo di e stakeholder-snan, specialmente di AHATA y p'esey como Minister encarga, e ta uni su mes na EPE pa gradici AHATA, pa tur e materialnan, cu nan a pone na disponibilidad di EPE pa e cursonan bartender.

Mirando e desaroyo economico di pais Aruba y e crecemento grandi den turismo, e ta importante pa nos ciudadanonan local tin e posibilidad di prepara nan mes efectivamente pa subi e mercado laboral. *"Mi ta contento cu nos ta poniendo, cu e apertura di un EPE completamente nobo, un fundeshi di existencia pa largo termino"* e mandatario a expresa.

Tambe, Minister Croes a informa, cu mirando tur e apoyo y sosten cu EPE Oranjestad ta hayando di e stakeholdersnan, Gobierno di Aruba ta compromete su mes pa habri un EPE na San Nicolas. Esaki lo duna e ciudadanonan di San Nicolas e oportunidad pa tambe por sigui cursonan cu lo haci e distancia pa nos mercado laboral mas cortico. Tin hopi proyecto andando actualmente na San Nicolas, y pone un EPE cu cursonan disponibel pa e ciudadanonan di pariba, lo ta sumamente beneficioso.

*"Mi kier gradici, e team completo di EPE, lidera pa Sabine De Groot, pa nan esfuerso, empeño y compromiso den duna EPE su derecho di existencia. Di mi banda, mi kier sigura boso, cu*

*den mi, boso tin un minister cu ta kere y ta sostiene EPE completamente"* Minister Croes a expresa.

# Dama cu problema a kibra palo di luz cu su auto

**D**iadomingo anochi polis a bay poco pura crusada di Moko cu ta bay pa Jaburibari.

Eynan un Nissan March color shinishi a dal contra un palo di luz. Debi na e impacto fuerte e palo di luz a kibra, y testigonan a pensa cu e chauffeur lo ta herida.

Pero, na yegada di polis esnan cu a mira locual a sosode a splica nan cu un dama na stuur a bandona e sitio, den un otro auto. A resulta, cu e dama aki aparentemente “henter” dia lo tawata un problema pa polis debi cu e tawata tin problema cu un hende homber. Parce te hasta comete destruccion.

Tata di e dama a presenta na e sitio y lo tawata splica un ke otro di locual ta pasando cu su yiu.

Polis a bay adres tambe na Jaburibari unda e muhe ta biba. Caminda a wordo cera, mirando cu e palo di luz tawata colga. Elmar y takelwagen a yega pa move e auto y Elmar traha ariba e palo di luz.

# Partido PDB / M-21 y Fraccion Vrolijk a firma acuerdo di gobernacion

**P**artidonan ta declara di a yega na un acuerdo pa formacion di un gobierno pa Boneiro pa e periodo di gobernacion di october 2023 pa maart 2027 y ta reconoce y conveni e siguiente areanan principal di maneho:

## COMUNIDAD HUSTO

- 1) aplica minimo social den maneho di Gobierno y enfoca cu ciudadano por sobra por lo menos 30% di su entrada despues di paga tur su gastonan basico;
- 2) crea barrio mas agradabel, safe y activo cu posibilidad pa recreo sano;
- 3) provee pa vivienda pagabel pa cumpra of huur den bari-onan existente;
- 4) adapta maneho di subsidio di huur pa tur ciudadano por bini na remarca;
- 5) inversion structural den sistema, infraestructura y programan di formacion, educacion, deporte, recreo y arte expresivo;
- 6) reevalua y reorganisa e maneho deportivo di Boneiro pa un ehecucion mas efectivo:

- a) crea y incorpora un funcion di maneho deportivo den aparato di Gobierno;
- b) reorganisa INDEBON den un organo autonomo pa ehecucion di maneho deportivo;
- c) reconoce Bonaire Sport Federatie [BSF] como Asociacion Deportivo Central;

- d) formula presupuesto y contrato structural pa financia federacionnan y ekiponan deportivo;
- e) instala un organo independiente pa maneho y mantencion di terenonan di deporte;
- f) formula presupuesto y contrato structural pa financia e maneho y mantencion di terenonan deportivo;

- 7) formula y inicia un maneho pa crea, opera y mantene parkenan di recreo den tur bario;
- 8) formula un maneho di saneamento di debe structural pa duna hendenan cu debe serio y structural, un chens pa cuminsa di nobo, bou di guia di proyectonan di maneho financiero;
- 9) formula y ehecuta maneho pa brinda oportunidad na hoben y mucha por medio di e.o. introduccion di paquete di mucha, 'kindgebonden budget' y acogida di mucha subsidia;
- 10) formula y inicia maneho y proyecto pa miho sosten pa nos grandinan:

- a) brinda servicio y sosten supletorio na nos grandinan di 63 plus;
- b) maneho pa stimula participacion laboral di nos grandinan 50 plus;

- 11) stimula desaroyo y ampliacion di centronan integral di hubentud;

12) evalua y revisa maneho di cultura pa Boneiro y otorga fondonan necesario;

13) formula y ehecuta un maneho di idioma:

- a) stipula un maneho di idioma cu financiamiento structural;
- b) inicia proyecto pa stimula buki na papiamento;
- c) registra papiamento na manifiesto Europeo pa idioma di minoria;

14) introduci un maneho pa cuida di bestia na un manera responsabel y humano, cu financiamiento structura;

15) introduci maneho di preferencia na nos yiunan di tera

16) stimula un comunidad inclusivo

- a) introduci maneho pa duna sosten y
- b) implementa maneho pa facilita integracion di migrante den nos comunidad mas miho;

#### DESAROYO DURADERO

17) entama un proceso pa formula un vision Socio Economico di mas aña;

18) desaroyo economico structura den ekilibrio cu nos cultura y medio ambiente;

19) haci cultura y herencia un parti integral di nos economia y turismo. Haci musica y expresion artistico un parti fundamental di nos formacion y desaroyo economico;

20) inverti den micro turismo pa nos propio hendenan por beneficia di turismo;

21) modernisa nos infraestructura pa inclui espacio pa peaton, baikel y e.o. maneho di awasero, na un manera transparente y planifica;

22) desaroya y stimula sector di agricultura, cria di bestia y pesca pa nos por produci gran parti di nos propio cuminda;

23) formula y stipula un vision y maneho energetico;

24) introduci maneho y subsidio pa energia solar y rechida di awasero na cada cas;

25) introduci transporte publico confiabel y pagabel;

26) establece un instituto cu tarea pa stimula comercio y inversion;

27) ehecuta un reevaluacion general di e plan di zonafikashon (R.O.B. Bonaire);

28) ehecuta un 'Milieu Effecten Rapportage [M.E.R] onderzoek' strategico delanta pa teritorio di Boneiro cu ta duna un indicacion di e riesgo di impacto pa posibel desaroyo;

29) restructura sistema y maneho di haf na Boneiro;

30) formula maneho di mantencion y servicio di nos playanan publico, pa mantene nan autenticidad y alabes provee facilidatnan pa nos hendenan y pa turistanan;

31) eherce un sondeo pa cumplimiento cu stipulacionnan

riba terenonan ya otorga;

32) sigura conexon duradero digital, aereo y maritimo regional;

#### DEMOCRACIA FUERTE 1 PARTICIPATIVO

33) un aparato di gobierno conforme principianan di transparencia y bon gobernacion;

34) un Consejo Insular eficiente, capaz y participativo cu ta sirbi interes di pueblo;

35) instala un termino maximo cu ciudadano ta ricibi contesta riba su peticion;

36) trece servicio di gobierno cerca di pueblo pa medio di instala centro di servicio den bario;

37) stimula participacion structural di pueblo y hoben den gobernacion;

38) introduci un ekipo cu ta desaroya planificacion y maneho strategico;

39) organisa Boneiro su presencia permanente den region, na Den Haag y na Brussel;

40) reorganisa aparato gubernamental pa uno integro, obhetivo, eficiente, efectivo, economico y practico;

41) brinda amplio oportunidad di formacion na empleadonan publico;

42) elimina obstaculonan burocratico y fortalece eficiencia di e aparato gubernamental;

43) formula y stipula un maneho di destaho y compra publico;

44) restructura maneho di entidadnan di gobierno:

- a) restructura companianan di gobierno;
- b) adapta ordenansa di Maneho Cooperativo;
- c) crea un entidad independiente pa coordina, maneha y supervisa Maneho Corporativo;

45) instala un organo pa ofrece asistencia na comunidad den caso di conflicto huridico, salubridad, laboral, social y/of idioma;

46) revisa Algemene Politie Keur [APK] actual pa un Algemene Plaatselijke Verordening [APV] moderno;

47) fortifica relacion y cooperacion riba temanan di interes mutuo cu islanan den nos region;

48) crea entidad di Asuntonan Constitucional y Relacion cu Exterior pa e.o.:

- a) formula, maneha y coordina e trayecto di desaroyo constitucional;
- b) formula y instala representacion di Boneiro na e.o. Hulanda y Europa;
- c) establece relacion estrecho cu Hulanda, Europa, demas pais y isla den Reino y den region;
- d) rapela e peticion pa agrega Boneiro riba lista di paisnan sin gobernacion

49) organisa mecanismo di consulta riba maneho cu ta regarda Boneiro na transparente y eficaz;

50) organisa un dialogo nacional continuo riba desaroyo constitucional di Boneiro.

# Ex-director di MC Slotervaart Ziekenhuis condena na prizon pa malversacion di fondo

Aysel Erbudak, ex-director di MC Slotervaart Ziekenhuis, a wordo condena na diesocho luna di prizon, cu seis luna di suspension, despues di un apelacion exitoso. Corte di Apelacion d Amsterdam a confirma e condena, door di considera cu Erbudak a malversa e asombroso cantidad di un miyon euro, hasta mediante uzo di factura falso. E caso en cuestion ta bay bek na un desfalco cu a sosode na 2008. Erbudak lo a ricibi inicialmente un condena di diescincu luna di prizon di corte di prome instancia, pero a opta pa recurri n'e decision.

E fondonan malversa lo a desvia pa un proyecto priva na Turkia. Y loke ainda ta mas preocupante, na 2011, Erbudak a uza fondo di e hospital pa adkiri accion di un proyecto di e-health. E accionnan aki tabata pa un sociedad caminda cu tanto Erbudak como su yiunan tin shares of accion, loke a añadi un capa di complehidad n'e caso.

Corte di Apelacion di Amsterdam a determina cu, mirando e gravedad di e delito, Erbudak lo mester a haya un condena di binti luna di prizon. Sinembargo, a tene cuenta di e duracion largo di e proceso hudicial, cu no tabata culpa di Erbudak.

Como parti di su condena, Erbudak tambe a ricibi un periodo di prueba di tres aña cu suspension di e pena, loke a permitie evita prizon si e cumpli cu e condicionnan.

E decision di corte a subraya e consecuencianan grave di e accionnan di Erbudak, afirmando cu el a mina e confiansa publico en e sistema di salud. Aysel Erbudak tabata director di MC Slotervaart Ziekhuis di Amsterdam Nieuw-West entre 2006 y 2013. Den un principio, e fondonan malversa tabata destina pa proporciona atencion medico esencial n'e pash-entnan, pero tabata evidente cu Erbudak a duna prioridad na su propio beneficio economico. E mal maneho financiero aki a contribui den un ultimo instancia n'e bancarota di e hospital na 2018.

E caso a sali na cla poco despues di e retiro di Erbudak di su funcion na 2013, motiva p'e conflictonan interno den e hospital. E demanda civil despues, deriva di e conflictonan, a laga Aysel Erbudak cu un importante debe multimiyonario, cu den un ultimo instancia a conduci na su bancarota personal.nan

E veredicto aki ta un recordatorio duro di e importancia di mantene transparencia y rindimento di cuenta di e importancia di mantene transparencia y rindimento di cuenta den e institucionnan di salud y ta manda un mensahe cla cu no lo tolera malversacion di fondo ni e conducta financiero indebido.

Tension escala den South China Sea:

## China y Filipinas ta confronta otro di impacto marítimo

E actual disputa entre China y Filipinas den South China Sea a bolbe dal un buelta di confrontacion, agravando ainda mas e tension ya halto den e region. E ultimo incidente a consisti den e strobamento di e embarcacionnan Filipino, dedica n'e tarea crucial di entrega suministro n'e tropanan Filipinas staciona den un bapor deteriora di transporte di e epoca di Segunda Mundial, cu ta sirbi di posicion avansa den e disputa Second Thomas Shoal, parti di e islanan Sparty, door di e bapornan Chines

Wardacosta Chines a informa di un "impacto menor" entre un di e barconan y e bapor Filipino, cu, segun nan, tabata transporta "material di construccion ilegal" destina n'e bapor di guerra Filipino. Como contesta, Filipinas a denuncia cu firmesa e "maniobranan peligroso di obstruccion" di China y a cualifica di violacion directo di e soberania, e derechonan soberano y e hurisdiccion Filipino.

E incidentenan aki ta inscribi den un patronchi mas amplio di enfrentamento den South China Sea, un zona cu China ta eherce un control territorial casi total, invadiendo hasta e zonanan economico exclusivo di e nacionnan bisiña. Corte Permanente di Arbirtahe a dicta na 2016, cu e reclamonan territorial di China den e region falta di base huridico, pero China ta sigui afirmando su dominio.

Merca a declara su apoyo na Filipinas, condenando energicamente e accionnan di China como un "interferencia" cla "cu un mision legitimo Filipino di reabastecimento a pesar di e provocacionnan y e asesor di seguridad nacional a subraya cu Filipina "no lo lag'e intimidar."

E ultimo escalada aki a tuma luga despues di un reciente incidente caminda cu un bapor di e armada Chines a sigui y a purba intercepta un barco di e armada Filipino cu tabata participa de un mision di reabastecimento, loke a hiba e ehercito Filipino exige e paro di e accionnan "peligroso y

ofensivo" di China. Como contesta, China a adverti Filipinas contra cualkier otro provocacion, subrayando cu tal accion lo bay den contra di nan soberania territorial.

Memey di e tensionnan continuo den South China Sea, e esfuersonan diplomatico encamina na resolve e disputanan aki y evita confrontacion nobo ta di suma importancia. Varios actor internacional, entre nan Merca, Canada, Hapon y Union Europeo, a expresa nan solidaridad cu Filipinas y a manifesta nan preocupacion p'e reciente incidentenan aki, subrayando e posibel repercusionnan di cualkier escalada nobo den e region aki di importancia strategico.

Mientras cu e disputanan marítimo persisti, cada biaha ta mas importante cu tur e partinan implica busca solucion diplomatico, manteniendo asina e estabilidad regional y evitando conflicto indesea den South China Sea.

# Combersacion riba Fondo pa Clima a fracasa y ta pone COP28 na peliger

**D**en un decepcionante buelta di acontecimiento, e combersacionnan pa establece un fondo di ayudo n'e paisnan cu ta lucha contra e efectonan devastador di keintamento global a bin abao den madrugada di diasabra durante e cumbre riba clima COP28 di Nacionnan Uni. E confrontacion entre e nacionnan rico y e economia den desaroyo durante e combersacionnan prolonga di tres dia, a sinta base pa un desafiante cumbre climatico di UN COP28 e luna cu ta bin na Dubai.

E idea di crea un “fondo di perdida y daño” tabata un logro significativo den e cumbre climatico anterior di UN COP 27 cu a tuma luga na Egipto. E lider di e nacionnan den desaroyo a celebra e plan pa sostene e paisnan “specialmente vulnerabel”. Sinembargo, casi un año di negociacion extenso entre e nacionnan riba con pa haci e fondo operativo, a haci cu e di cuater buelta di combersacion na Asuan (Egipto) a caba den discordia. E desacuerdonan a draai rond di e cuestionnan manera e fuentenan di financiamiento, e ubicacion di e fondo y e criterionan di eligibilidad.

E imposibilidad di yega na un acuerdo ta añadi presion n'e cumbre COP28 di e luna cu ta bin, cu ya ta enfrente un agenda yen. Esaki ta inclui un revision extenso di con e paisnan ta abordando e cambio climatico y e establecimiento di obhetivo pa yuda e gobiernonan adapta n'e retonan cu e keintamento global ta plantia.

E establecimiento cu exito di e fondo pa perdida y daño ta considera un medida fundamental di e exito di COP28. Manera Preeti Bhandari, asesor principal di e Instituto di Recurso Mundial,

Credit: Rula Rouhana/Reuters

a señala: “Cu e fondo di perdida y daño yega na ta plenamente operativo ta un medida clave di e exito di e cumbre COP28.”

Sultan al-Jaber, presidente designa di COP28, a insisti n'e paisnan pa alcanza un consenso y e combersacionnan a prolonga hasta durante anochi. Despues di e fracaso di e combersacionnan, COP28 a anuncia cu lo tene otro buelta di negociacion na Abu Dhabi na principio di e luna cu ta bin.

Si e comite di transicion, forma pa 24 miembro, no logra alcanza un acuerdo comun na Abu Dhabi, por bin un problema p'e negociacionnan di Dubai. Bhandari a adverti cu “tur e negociacionnan di COP28 lo por bay fo'i sla si no aborda adecuadamente e prioridadnan di e paisnan den desaroyo den materia di financiamiento di perdida y daño.”

Sultan al-Jaber a pone enfasis riba e caracter esencial di yega na un acuerdo riba e fondo, afirmando cu “tur e cuestionnan tin solucion.” El a subraya e importancia di e negociacionnan aki, ya cu di su exito ta depende bida y e

medionan di sobrevivencia di miles di miyones di persona vulnerabel n'e efectonan di e cambio climatico.

E tension durante e combersacionnan a bin ta domina p'e disputanan riba e papel di Banco Mundial como anfitrión di e fondo. E grupo G77 di economia den desaroyo hunto cu China, a opone inicialmente n'e participacion di Banco Mundial, pero mas despues a tene combersacion cu e condicion cu e banco asumi un papel protagonista. Sinembargo, e combersacionnan aki a tranca debi na un desacuerdo riba e capitalisacion di e fondo.

E repercusion di e discusionnan aki ta pone di manifesto e resistencia di e paisnan desaroya, en particular Merca, na asumi e responsabilidad financiero di confronta e consecuencianan di keintamento global, a pesar di ta e principal responsabelnan di e emisionnan historico di gas di ‘greenhouse effect’. E asunto polemico aki ta sigui ta na prome luga di e negociacionnan internacional riba clima, den e cuestion di kende mester financia e respuesta n'e cambio climatico, ta sigui ta fuente di discordia.

Parlamentario Hendrik Tevreden, Lider di Fraccion MEP:

## Aruba, Corsou y Sint Maarten a bin ta realisa cu reunionnan Tripartiet mester di mas atencion

**P**arlamentario y Lider di Fraccion di MEP, Hendrik Tevreden a anuncia durante un conferencia di prensa dialuna mainta cu un grupo di e comision di Parlamento cu ta atende e topico di asunto di Reino Hulandes y Relacionnan Exterior (CKABB) ta biahando pa Sint Maarten pa asina atende cu reunion Tripartiet.

Tevreden a expresa cu entre Aruba, Corsou y Sint Maarten a bin ta realisa cu reunionnan Tripartiet mester di mas atencion. Pakico? El a bisa cu Hulanda hopi bes ta uza e tactica di dividi, principalmente ora ta bay na mesa cu locual ta Aruba, Corsou y Sint Maarten. Hopi biaha ta mira cu e paisnan chikito den Reino ta sali perhudica.

Den e caso aki Aruba, Corsou y Sint Maarten a dicidi cu mester haci uzo di e plataforma di Tripartiet mas regularmente, sea digitalmente of personal pa asina por haci mas estrecho e aspec-tonan cu ta uni e paisnan y saca mas afo e dife-rencianan cu tin pa asina ora di topa por ehempel, na IPKO y na mesa di negociacion cu Hulanda, cu tin un presencia mas fuerte, a bisa.

*“Esaki ta hopi importante pasobra mas cu bo ta pensa cu nos ta asina cerca, toch e tratamento, e procesonan, pero tambe unda nos ta financieramente cada un ta diferente. Den esaki nos tin cu haya un union basta amplio pa asina ey nos por para den bloke continuamente ora nos ta na mesa di negociacion”,* Tevreden a declara.

Den e Tripartiet aki ta bay enfoca pa mantene un union, pero pa percura pa esaki por avansa.

Tin diferencianan cu kisas hende no ta tene cuenta cu ne manera loke ta trata ‘Geschillenregeling’, cual ta un ley cu ta yuda pa tin un disputa den nego-ciacionnan, por ehempel contra Hulanda. P’esey e union ta hopi importante pa evita cu Hulanda ta dividi e pensamiento den e islanan y asina haya cu no a logra concretisa un ley asina importante manera esun di ‘Geschillenregeling’. Ta importante pa keda fiha pa mantene e curso cu a dicidi como paisnan y paga tino cu e factornan externo cu por trece division y asina logra mas cu e proposito cu tin pa logra na mesa di negociacion.

E puntonan cu ta bay trata den e Tripartiet e biaha aki ta entre otro trafico aereo entre e paisnan aki y e deficit democratico. Manera tur hende sa, e costo di biahe di Aruba pa bay Corsou ta similar, por ehempel, na esun pa bay Miami y tin biaha te hasta mas caro. Riba e puntonan aki kier mira cambio y con por reduci e costo aki pa trafico turistico, pero pa trafico local entre e paisnan aki por bay miho.

Pa loke ta e deficit democratico cu tin den Reino, esaki tambe lo wordo trata. Esaki ta nifica cu como paisnan chikito semper tin menos di bisa, pero toch Statuto ta indica cu tur ta similar y tin mes autoridad. Den practica ta mira cu esaki ta diferente, Hendrik Tevreden a vocifera.

E obhetivo ta pa fortifica e pensamiento como isla pa asina ey por ta mas fuerte, a finalisa bisando.

Parlamentario Ricky Hoek (MEP):

## E trabao di Parlamento ta pa sigui controla e proceso

Y ehecucion di e Delta Plan 2023-2033 enfoca riba e adulto mayor

**A**wo cu e Foro Nacional pa Adulto Mayor ta tras di lomba ta un bon momento pa e stakeholdernan hunto cu Gobierno di Aruba sigui traha riba e Delta Plan 2023-2033. Asina Parlamentario di Fraccion di MEP a duna di conoce, diaran-son ultimo durante e di dos dia di e foro.

Parlamentario Hoek a expresa cu esaki ta na su lugha mirando cu e plan a wordo traha door di Ministerio di Adultonan Mayor, caminda cu e minister tin tur e datonan, e maneho y vision cu e kier ehecuta. Ultimamente, a lanta Directie Ouderenzorg, cu ta un departamento di gobierno cu ta enfoca riba e adulto mayor cu ta carga e plan aki y su ehecucion. E ta kere cu e departamento aki por tuma e rol di trek e proyecto aki, di ehecuta e maneho y vision di e minister, ademas di involucra tur e stakeholdernan.

Parlamentario Hoek a agrega cu si por garantiza continuidad, consistencia y e profesionalismo cu a bin dilanti den e

dos dianan aki di e foro nacional, sigur e Delta Plan 2023-2033 lo bira un exito pa e adultonan mayor y en berdad garantiza cu tin un cambio y un mehoracion den e calidad di bida, movilidad, y e participacion social di nos grandinan.

### Rol di Parlamento

El a declara cu den su funcion como Parlamentario ta hopi importante y contento di por a haya invitacion di Ministerio di Adultonan Mayor, mirando tur loke a wordo presenta den e dos dianan aki for di diferente stakeholder den diferente tereno manera entre otro, e parti financiero, di vivienda, di salud y cuido.

Otro informacion importante ta esun di cifranan caminda Oficina di Estadistica a trece dilanti con e embehecimento di e poblacion ta creciendo, a bisa. E trabao di Parlamento den esaki ta pa sigui wak e trabaonan aki y sigui controla e proceso y procedemento di henter e plan aki. Cada aña cu tratamento di presupuesto di Pais Aruba, ta momento pa studia y scrutina tambe e presupuesto cu ta wordo aloca pa e maneho aki di adultonan mayor. Tambe, ora di aloca e fondonan disponibel of cu tin pa e proyectonan aki, por garantiza e ehecucion di Delta Plan 2023-2033, a indica. *“Tambe como Parlamentario semper nos por sinta tambe cu stakholdernan pa haya mas informacion di e parti di infra-estructura, transporte, con por mehora esaki. Sinta cu Wit Gele Kruis. Sinta cu e parti di cuido, sinta cu tur e stakeholdernan cu ta involvi pa haya mas informacion y cada biaha mehora e calidad di e plan di bida di e adultonan mayor”*, a expresa.

Parlamentario Hoek a referi tambe na combersacionnan structural cu Minister Arends cu tambe ta importante pa asina vigila y controla con e plan ta bayendo pa Parlamento tin un bista constante pa asina por garantiza na e adultonan mayor cu e proyecto aki ta bira un exito, di awor caba y pa futuro.

# E promesa y e retonan di hidrogeno como combustibel limpi

**D**en e buskeda di un futuro mas ecológico y sostenibel, hidrogeno a converti den un elemento clave den e buskeda di energia limpi. Hidrogeno, e elemento mas abundante di universo, no ta un recurso natural tradicional manera petroleo of gas, sino un medio versatil pa almacena y uza energia limpi.

Un di e principal atraccionan di hidrogeno ta ubica den su potencial pa substitui combustibel convencional manera gasolin y gas natural. Ora cu ta uza hidrogeno como combustibel, solamente e ta emiti vapor di awa, loke ta convirti'e den un alternativa respetuoso cu medio ambiente. Sinembargo e principal reto ta biba den e proceso di aislamiento di hidrogeno, cu ta consumi hopi energia y sa produci kimando gas natural, loke ta leu di ta respetuoso cu medio ambiente.

Un manera mas prometedor ta electrolizado, diapositivo cu ta parti e awa den hidrogeno y oxigeno, alimenta p'e fuentenan di energia renobabel manera esun di biento y esun solar. E metodo aki ta permiti produci hidrogeno "berde" cu no ta contribui n'e emisionnan di carbon.

Reconociendo e importancia di hidrogeno berde, Presidente Biden a anuncia recientemente plan pa destina te cu 7 mil mion dollar n'e creacion di shete centro regional di hidrogeno den henter Merca. E centronan aki lo sirbi di catalisado pa amplia e produccion di hidrogeno y e infraestructura di transporte. Fuel cells ta funciona di forma similar na bateria, convirtiendo hidrogeno puro den corriente y produciendo unicamente awa y calor manera subproducto. E tecno-

logia aki ta presenta varios bentaha, manera su eficiencia halto, protabilidad, posibilidad di recarga y adaptacion. E empresanan manera Toyota ya a realisa inversion grandi di fuel cells di hidrogeno, cu e obhetivo di competi cu bateria tradicional di auto electrico.

E sector di transporte ta contribui di forma significativo n'e emisionnan cu ta keinta e planeta, pa cual e papel potencial di hidrogeno den e reduccion di emision ta un componente critico di mitigacion di e cambio climatico. Sinembargo, e construccion di e infraestructura necesario pa hidrogeno, incluyendo transporte y distribucion, ta sigui ta un reto importante. Cu diferencia di coriente, cu ta conta cu un red bon estableci, hidrogeno ta falta di e infraestructura specifico.

E esfuersonan pa desaroya un economia

di hidrogeno a bin ta den e agenda di e presidentenan Mericano durante varios decada, cu un exito limita. Sinembargo, cu e ultimo compromiso cu hidrogeno di e administracion Biden y e creciente interes pa hidrogeno berde, e expectonan ta kere cu, cu tempo, hidrogeno renobabel y limpi lo ta mas accesibel cu nunca.

Manera cu Jack Brouwer, profesor di ingenieria di e Universidad di California na Irvine a señala, «ta inevitabel cu algun dia hidrogeno renobabel y limpi lo ta mas barata cu loke nos ta paga awe pa gasolin.»

Aunke e promesa di hidrogeno ta tentado, e transicion na un economia basa riba dje, lo rekeri inversion innovacion y sosten politico importante. Supera e retonan ta vital pa liber tur e potencial di hidrogeno como un fuente di energia limpi y sostenibel.

Despues di un año sumamente exitoso,

# Gobierno y Futura ta anuncia continuacion di e proyecto EduTech Fund

Dialuna mainta, hunto cu Minister di Enseñansa y Deporte, Endy Croes, Prome Minister Evelyn Wever-Croes a atende e conferencia di prensa di FUTURA na unda cu a anuncia e continuacion di e proyecto EduTech Fund. Despues di un año sumamente exitoso caminda 12 scol rond di Aruba a gana pa nan proyecto piloto di innovacion, Gobierno di Aruba a dicidi pa sigui cu e proyecto aki pa un año mas. Den total, den e prome año di EduTech, Afl. 415,000 a wordo inverti den e 12 proyectonan aki haciendo esaki hopi exitoso pa e 12 scolnan rond di Aruba cu a gana.

Prome Minister, a bishita diferente scol pa conoce e trabounan di innovacion cu cada scol a haci y ta hacienda. E mandatario principal di nos a pais a expresa di a keda hopi impresiona cu loke e scolnan a haci pa gana e pa nan proyecto di innovacion. Gran mayoria di e scolnan ya caba tawata tin otro proyecto di innovacion cu nan a cuminsa cu ne riba nan propio iniciativa y forsa. Y e premionan di EduTech a yuda pa bay na e siguiente nivel di nan proyecto.

“Mi tin admiracion y respet enormemente grandi pa tur esnan cu ta traha den enseñansa cu ta yuda nos educa nos muchanan. Y p’esey mes, a traves di mi ministerio di innovacion, nos kier asisti caminda cu por cu proyectonan di EduTech”, Prome Minister a expresa.

EduTech Fund ta un iniciativa importante pa stimula innovacion, tecnologia, y interactividad den scolnan di Aruba. Via EduTech Fund, scolnan di Aruba por aplica pa haya ‘grants’, subsidio, pa proyectonan piloto di innovacion cu a wordo traha door di nan mesun maestronan of studiantenan. Alabes, na e manera cu e proyecto ta diseña, eta stimula tambe un pensamiento innovativo den e maestro/maestranan y studiantenan cu ta diseña e proyectonan aki.

Innovacion den educacion ta crucial pa nos pais su desaroyo y prosperidad. E mundo ta cambia rapidamente, y nos mester sigui den mesun paso cu e desaroyonan tecnologico. Nos studiantenan mester ta prepara pa e mundo di futuro, caminda tecnologia ta hunga un rol critico den tur aspecto di bida. Pa logra esaki, nos mester inverti den tecnologia y innovacion den nos sistema di educacion y prepara nos hobennan cu tur herment posibel pa nan por ta exitoso den futuro. EduTech Fund ta duna e posibilidad pa scolnan, maestronan, y estudiante experimenta cu tecnologia y desaroya solucionnan innovativo pa mehora nos educacion.

A ricibi como 50 aplicacion den e prome año di EduTech. Esaki ta un ehempel di e potencial grandi, y necesidad cu nos tin na Aruba pa crea un ambiente innovativo na scol.

“Mi ta gradici tur scol cu a aplica na e iniciativa di EduTech, y pa diseña y aplica cu un concepto diferente. Nos di Gobierno ta orguyoso di EduTech como cu ta e propio maestro/maestra nan di cada scol ta diseña e proyectonan, identificando retonan y oportunidadnan cu kisas un ‘outsider’ no lo por. Danki pa kere den innovacion, y pa e esfuerso pa por eleva educacion na Aruba, y e experiencia di e estudiante y maestro/maestranan den klas. Danki pa kere cu innovacion ta e yabi pa nos sigui. Mi ta gradici tambe Minister di Enseñansa Endy Croes cu semper ta cla pa permiti nos y yuda den e proyectonan aki, Prome Minister a expresa.

E parti mas fuerte di e Proyecto EduTech, segun Prome Minister, no ta ideanan cu Gobierno ta bin cu n’e of duna, e ta ideanan cu ta nace na e scolnan mes entre maestro, alumnonan y mayornan, cu ta esnan cu sa kico tin mester na cada scol. “Esaki ta e forsa di EduTech. Dus por medio di esaki, nos ta anuncia e continuacion di EduTech Fund y nos ta spera ku scolnan sigui probecha di e oportunidad aki”, Prome Minister Evelyn Wever-Croes a termina bisando.

Pa mas informacion y pa aplica por bishita e website [www.edutecharuba.org](http://www.edutecharuba.org)

# Minister Geoffrey Wever di bishita na Xander Bogaerts basisschool cu presentacion di SDG

Dos siman pasa Minister Geoffrey Wever a cuminsa cu su proyecto di presentacion di e metanan di desaroyo sostenibel, e 'Sustainable Development Goals (SDGs)', na alumnonan di 6e klas di scolnan basico. E presentacion ta enfoca riba conscientisacion di kico e metanan di desaroyo sostenibel ta encera y con cada un di nos por yuda na logra e metanan.

Awe Minister Geoffrey Wever a bishita Xander Bogaerts basisschool na San Nicolas pa duna presentacion di Sustainable Development Goals na e 6de klasnan.

Kico ta desaroyo sostenibel? Desaroyo sostenibel a ser defini como desaroyo cu ta cubri e necesidadnan di e presente

sin compromete e habilidad di futuro generacionnan pa por cubri nan propio necesidadnan. Pa logra esaki mester tin harmonia entre e aspecto humano, balansa den desaroyo economico y prosperidad, y tambe proteccion pa nos medio ambiente.

E SDGs ta consisti di 17 meta pa

paisnan na mundo traha na dje pa un miho mundo. E ta wordo parti den 5 pilar: People, Prosperity, Planet, Peace y Partnership.

“Un danki na Xander Bogaerts basisschool pa a ricibi nos” – Minister Geoffrey Wever.

# Specialista di Programa di C&I di Oficina Regional di UNESCO-Kingston di bishita na Aruba

Riba un mision oficial fin di september ultimo, Paul Hector kende ta coordina e programa di Comunicacion y Informacion (C&I) di UNESCO, a bishita Comision Nacional di UNESCO-Aruba. Sr. Hector a topa cu sra. Xiomara Maduro, Minister di Finansa y Cultura, kende alabes ta presidente di UNESCO-Aruba. Otro minister cu a combersa cu ne tabata sr. Geoffrey Wever, kende ta encarga cu Asuntonan Economico, Comunicacion y Desaroyo Sostenibel. E reunionnan a duna oportunidad pa discuti riba eventual cooperacion entre UNESCO-Kingston y e diferente instancianan na Aruba cu ta traha riba tereno di comunicacion y informacion. Den futuro por explora e areanan pa extende y reforsa e infraestructura di Aruba riba nivel academico, sociedad civil, media, tecnologia digital y di hubentud.

E bishita di Sr. Hector na Aruba a coincidi cu Dia Internacional di UNESCO pa Acceso Universal na Informacion. Di e forma aki sr. Hector por a participa na algun celebracion organisa na Aruba. International Day for Universal Access to Information (IDUAI) di UNESCO, ta tuma luga anualmente riba 28 di september.

E dia aki ta yuda contribui na conscientisacion di e importancia di acceso na informacion como un derecho humano fundamental. E celebracion ta crucial pa empodera esnan cu ta traha riba nivel di comunicacion y informacion y pa logra un desaroyo duradero di un pais.

Sr. Hector a participa como orador durante e lansamento di e website <http://coleccion.aw>

'Coleccion Aruba' ta un archivo digital cu ta contene mas di 80,000 recordnan crea y administra pa Biblioteca Nacional di Aruba den colaboracion cu varios partnernan institucional na Aruba.

Preparacion pa e Siman di Media y Alfabetisacion di

Informacion Global cu UNESCO ta celebra di 24 te cu 31 di october cada aña, tabata otro punto importante riba agenda di Sr. Hector. Durante e siman di Global Media and Information Literacy (MIL) Week 2023, UNESCO-Aruba y partnernan a pone atencion na algun actividad nacional. MIL-Week ta pa conscientisa publico riba e habilidad y uzo responsabel di informacion y media. Esaki ta inclui pensamiento critico, alfabetisacion digital y conocimiento etico ora di evalua y crea acceso na informacion.

Durante su bishita, Sr. Hector tabata acompaña pa miembronan di UNESCO-Aruba, incluyendo sra. Marushka Tromp, Secretario General, sra. Birgit Kreykenbohm, Specialista di Programa pa Comunicacion y Informacion, y sr. Peter Scholing, miembro y Presidente di Comite di Memoria di Mundo di UNESCO y Latinoamerica y Caribe (MoWLAC).

## Pastoral Hubenil Aruba y Parokia Santa Anna ta invita

**P**astoral Hubenil Aruba (PHA) conhuntamente cu parokia Sta. Anna na Noord, ta invita tur hoben y pueblo di Aruba en general pa un Santo Rosario sigui pa Santa Misa diamars 31 di october venidero na Kapel di Alto Vista.

Tanto e Rosario y e Santa Misa ta na honor di Birgen di Santisimo Rosario, nos Birgen di Alto Vista, patrona di nos baranca stima.

Luna di october ta e luna di rosario y ki mas bunita pa nos

clausura e luna aki cu dedicacion na nos Mama Maria cu advocacion di Birgen di Santisimo Rosario.

Na entrada di kapel ta bay tin macutu pa haci donacion di comestibel y of producto pa esnan di menos recurso.

Un y tur ta keda cordialmente invita pa asisti na Kapel di Alto Vista **diamars 31 di october** venidero y pa un y tur tene cuenta cu p'e diamars aki tin *cambio di Orario*: **6:00pm Santo Rosario pa hobennan // 6:30pm: Santo Sacrificio** di Misa.

## Parlamentario Darlaine Guedez-Erasmus (MEP) ta felicita Ministerio di Husticia y Asuntonan Social cu apertura di loket Plan di Mayor

**D**ialuna atardi tabata tin e 'soft opening' di e loket di Plan di Mayor na Centro di Hoben y Famia na Sabana Blanco y den cuadro di e evento aki, Parlamentario di Fraccion di MEP, Darlaine Guedez-Erasmus a expresa cu esaki ta un dia importante ya cu e loket lo haya su luga cu su profesionalnan.

E Parlamentario a sigui bisa cu pa algun tempo caba e preparacionnan ta andando hunto cu e Ley di Plan di Mayor. Plan di Mayor ta encera un ley caminda despues di un separacion, mama y tata tin cu bini hunto pa asina traha un plan, cu nan yiu central, pa wak con nan ta bay sigui cu e cuido y educacion di nan yiu.

Pa cu esaki ta haci palabracionnan grandi te cu cosnan chikito cu tin di haber cu e bienestar di e mucha of hoben, a indica. *"Como Parlamentario mi ta haya e plan aki hopi importante pasobra den nos comunidad lamentablemente hopi pareha ta separa y hopi biaha nos ta mira cu nan no sa con pa sigui, con pa tuma e responsabilidad"*, Guedez-Erasmus a expresa.

E ta haya e proyecto aki asina importante cu mester sigui cu su avancen. E ta elogia e profesionalnan, cu ta rond di 70 profesional cu a yuda pa haci e

proyecto aki un realidad. Den e loket, e profesionalnan awor por coordina con tur cos ta bay. Banda di esaki, Universidad di Utrecht na Hulanda lo duna un ayudo na e grupo meta pa saca e miho di e proyecto aki y keda haci evaluacion.

*"Mi kier gradici Michella Steenwoorde-Lacle pa su tremendo dedicacion pasobra desde un inicio cu el duna idea y a traha hunto cu e otro profesionalnan pa logra esaki"*, a bisa. E ta admira su perseverancia den esaki y cu

awo por mira cu e loket Plan di Mayor ta bira un realidad.

Na Parlamento e ley t'ey. E ta cla pa trata, fecha exacto no tin ainda, pero ta pendiente pa esaki tuma luga.

Ta hopi importante pa den e bida di e mucha, tata y mama ta presente y ni kico cu pasa e mucha mester keda central y esey ta e punto di atencion, Parlamentario Guedez-Erasmus a duna di conoce durante e rueda di prensa di Fraccion di MEP, dialuna mainta.

# Tarta de queso

Suave y ligero como un sueño. ¡Este es el Sr. Tarta de Queso!  
Un delicioso postre para hacer único tu tiempo con quien lo pases.

## Receta

TIEMPO PREVIO: 15 minutos

HORA DE COCINAR: 45 minutos

TIEMPO TOTAL: 1 hora

4SERVICIO

## Ingredientes:

7 onzas. Queso crema  
3,5 onzas. Azúcar granulada  
6,3 onzas. Crea agria  
1,7 onzas. yogur griego  
3,5 onzas. Crema  
1,7 onzas. chocolate blanco  
2 huevos grandes  
0,3 onzas. Jugo de limon  
1/4 Pieza Vainilla  
1/2 Pieza de haba tonka  
0,7 onzas. Maicena

## Direcciones:

1 - Combine el queso crema y el azúcar granulada en el bol y mezcle en un baño de agua caliente hasta que tenga una textura suave.

2 - Combine la crema agria y el yogur griego en otro tazón y mezcle bien con una espátula de goma.

3 - Mezcle las 2 yemas de huevo y agréguelas al (2) anterior en tercios, mezclando bien con un batidor después de

agregar cada tercio. Agrega el jugo de limón y la maicena y mezcla bien.

4 - Caliente la crema en una sartén pequeña a fuego medio, agregue el chocolate blanco, las habas tonka ralladas, las semillas de vainilla y las vainas. Apague el fuego después de que hierva.

5 - Mezclar (1) y (4) con un batidor. Agregue (3) y mezcle hasta que quede suave. Colar y verter en un molde para bizcocho forrado con papel pergamino.

6 - Coloque el molde para pastel relleno en una bandeja para hornear (al menos 3 cm de profundidad) y métalo en el horno. Vierta 3 cm de agua en la bandeja para cocinar.

7 - Hornee a 350°F/ 180°C durante 25 min. y 300°F/150°C durante 20 min. Retirar del horno, dejar enfriar y desmoldar la tarta de queso. Enfriar en el frigorífico durante al menos 4 horas.

## Fortaleza pa Famia

# E gran beneficio di pordon

**SI** nos confesa nos picanan, E ta fiel y husto pa pordona nos, nos picanan y limpia nos di tur inhusticia (1 Juan 1:9)

Si nos bisa cu nos no tin pica, nos ta gaña nos mes, y e berdad no ta den nos (1Juan 1:8).

Y ki ora cu boso ta para ta haci oracion, pordona si boso tin algo contra un hende, pa boso Tata cu ta den cielo tambe pordona boso, boso transgrescionnan (picanan). Ma si boso no pordona, boso Tata cu den cielo tampoco lo no pordona boso transgrescionnan (Marco 11:25-26).

Pasobra si boso pordona hende nan transgrescionnan, boso Tata celestial tambe lo pordona boso. Ma si boso no pordona hende, boso Tata tampoco lo no pordona boso transgrescionnan.

Nos bida ta na peliger tur dia, tur momento, no solamente riba caya den trafico, of haciendo un trabao peligroso, pero hasta den nos sueño, si morto mester presenta y nos curason ta carga cu rabia, orguyo, arrogancia y falta di pordon, nos no ta drenta cielo, pasobra nos no ta pordona, y esun cu no ta pordona Dios no ta pordon'e, y e lo bay fierno.

Pasobra no ta existi ningun luga caminda bo ta bay pa un tempo y despues drenta cielo.

Hesus a siña nos cu tin un cielo y tin un fierno, cielo ta caminda hende lo topa cu Dios, y lo tin goso y alabansa, y hasta lo bo reconoce bo sernan keri cu a bay bo dilanti.

Pero fierno ta e luga di lamento pa semper, yora, grita, gruna, pasobra lo tin un candela eterno pa esnan cu ta eyden,

Awor hopi hende te ainda no kier realisa, cu e asunto di pordon aki ta un gran berdad, y cu esun cu no ta pordona, ta e lo sali perhudica den gran forma, pasobra nos no tin luga pa tene hende na curason, asina cu bo ta cana cu hende riba bo curason, bo comunicacion cu Dios lo ta kibra, pasobra Dios ta wardando riba bo pa bo pordona.

Ningun hende no sa ki dia Cristo Hesus lo bini, ni tampoco ningun hende sa ki dia nan lo muri, p'esey ta masha importante pa no hunga sabi riba un cos cu bo no tin control riba dje.

Tur decision cu nos tuma awor aki pa arepentí, pordona, y entrega nos bida na Cristo no ta decision religioso, pero un decision pa salvacion, y bida eterna. Pasobra ora nos muri nada mas no por wordo ahusta den nos bida. No laga ningun hende gaña boso (Lucas 16:19-31).

Bendiciona ta esun, kende su transgrecion ta pordona, kende su pica ta tapa!

Bendiciona ta e hende, kende su inikidad, Señor no ta tuma na cuenta, y den kende su spirito no tin engaño! (Salmo 32:1-2).

Ma Dios ta demostra Su mes amor pa cu nos den esaki, cu tempo nos tabata pecado ainda, Cristo a muri pa nos (Romanonan 5:8).

Esun cu ta sconde su picanan lo no prospera, ma esun cu confesa, y laga nan lo haya misericordia (Proverbionan 28:13).

Boso soporta otro y pordona otro, si un di boso tin un keho contra otro, mescos cu Señor a pordona boso, asina boso tambe mester haci (Colosensenan 3:13).

Aspira pa tin pas cu tur hende, y santificacion, sin cual ningun hende lo no mira Señor (Hebreonan 12:14).

Busca Señor, mientras cu E por wordo haya, yam'e mientras cu E ta cerca. Laga e malvado bandona su caminda, y e hende husto su pensamiento, y lag'e bolbe cerca Señor y E lo tin compasion cu ne, y cerca nos Dios, pasobra E lo pordona abundantemente.

Señor a duna y Señor a tuma, Bendishona sea number di Señor!

Cu hopi tristesa pero conforme cu boluntad di Dios y e bunita recuerdonan cu e ta laga tras!

Nos ta anuncia fayecimento di:

## Anacleeta Christina Winklaar

Mihor conoci como Ana, Annie o Nana

# **HOH'S INTENSIVE ANTIBIOTIC MANAGEMENT COURSE STRENGTHENS HEALTHCARE KNOWLEDGE**

# HOH's Intensive Antibiotic Management Course Strengthens Healthcare Knowledge

**HORACIO** Oduber Hospital (HOH) recently organized an intensive course on antibiotic management. This course aimed to expand the knowledge of healthcare providers, not only within the hospital itself but also in Aruba and the region. It was a two to three-day program that had two distinct focuses. One program was entirely centered on the “first line,” which includes general practitioners, dentists, physiotherapists, and more. The second program targeted the “second line,” involving specialists.

The course’s kickoff event took place in the VIP room at Gloria Movies, where Mr. Jacco Vroegop, HOH’s director, provided a pleasant surprise. Dr. Jaclyn de Kort expressed her gratitude for his perseverance and inspiration in initiating and advocating for the fight against Antimicrobial Resistance (AMR) in Aruba and at HOH.

The main goal of the course was for healthcare providers to meet, collaborate, and strengthen each other’s skills for the benefit of the patients. Additionally, the course aimed to provide extensive information and practical case discussions to help them in their roles. Lenie Denteneer, the Manager of HOH Academy, expressed satisfaction with the results of the first course on antibiotic management, considering it a significant step forward in the field of antibiotic management.

Denteneer mentioned that they were looking for a course that would involve both the “first line” and “second line” professionals and that antibiotic usage and manage-

ment were vital not only for the correct use but also for addressing resistance issues. HOH Academy collaborated with the Antibiotic Stewardship Commission of HOH to make this intensive course a reality.

Anna Posner, Clinical Teacher i.o. at HOH Academy, highlighted the participation of professionals from various countries, both from the Netherlands and locally through the Antibiotic Stewardship Commission. Interactions with doctors from various specializations and backgrounds were a significant highlight, making the course more engaging and insightful for all attendees. Posner expressed that everyone was enthusiastic, and they felt that they could apply the knowledge gained in practice.

The course had participants from Aruba, the Netherlands, Bonaire, Suriname, and Curaçao. The importance of understanding why certain antibiotics are chosen for specific infections and viruses was stressed, as the choices impact resistance buildup in communities.

Denteneer emphasized the importance of teamwork for success. The course’s development involved close collaboration with the Antibiotic Stewardship Commission, adapting the program for healthcare in Aruba, effective marketing with the Communications Department, and the support of HOH’s Board of Directors from the outset. Lastly, gratitude was extended to all the participants who believed in the course and the topic of antibiotic management, as it was the first of its kind organized in Aruba.

# The Opening of EPE Scheduled for November

**MINISTER** of Labor Glenbert Croes, responsible for *Education for Employment (EPE)*, announced that the official opening of EPE will take place in the upcoming November. The facility has undergone a complete renovation, including the provision of new computers and the creation of a brand new logo representing the revamped EPE. Minister Croes expressed his deep gratitude for the significant support that EPE has received from stakeholders, especially AHATA. In his role as the minister in charge, he aligned himself with EPE in thanking AHATA for making various materials available for bartender courses.

Given Aruba's economic development and significant growth in tourism, it is crucial that local citizens have the opportunity to effectively prepare themselves for the job market. The minister stated, "I am pleased that we are laying the foundation for long-term existence with the opening of an entirely new EPE."

Furthermore, Minister Croes shared that, in light of the support and backing that EPE Oranjestad has received from stakeholders, the Government of Aruba is committed to opening an EPE facility in San Nicolas. This will provide citizens of San Nicolas with the chance to take courses that will

shorten the distance to our job market. With many ongoing projects in San Nicolas, establishing an EPE with accessible courses for residents will be highly beneficial.

"I want to thank the entire EPE team, led by Sabine De Groot, for their dedication, effort, and commitment to securing EPE's rightful place. From my side, I want to assure you that, in me, you have a minister who believes in and supports EPE wholeheartedly," Minister Croes expressed.

# Prison Killings Unveil Dark Conspiracy in Ecuador

A chilling turn of events, six Colombian inmates have been brutally killed in an Ecuadorian prison. What makes this incident even more shocking is the revelation that all six were suspects in the high-profile murder of Ecuador's anticorruption presidential candidate, Fernando Villavicencio, earlier this year. The gruesome killings occurred in the Litoral Penitentiary, the largest city in Ecuador, Guayaquil, sending shockwaves across the nation.

The SNAI prisons agency confirmed the victims' identities, stating that they were Colombian nationals who had been accused of the murder of Fernando Villavicencio. This revelation adds another layer of darkness to the ongoing investigation into Villavicencio's assassination.

Ecuador's government vehemently condemned these prison killings, with President Guillermo Lasso taking to social media to assure the public that there would be "neither complicity nor cover-up" in seeking justice for the suspects in the Villavicencio case. "Here, the truth will be known," President Lasso vowed.

This disturbing incident has forced Lasso to temporarily call off an international visit and return to Ecuador to handle the

crisis. The government's determination to uncover the truth behind Villavicencio's murder remains steadfast.

Villavicencio, a journalist-turned-politician, was assassinated in August, and he had been vocal about a warning he received from a gang leader's emissary, urging him to refrain from mentioning the notorious Los Choneros gang during his campaign. Authorities have linked his murder to organized crime, shedding light on the dangerous turf war between drug-trafficking gangs plaguing Guayaquil.

Ecuador, once a peaceful nation, now finds itself embroiled in a harrowing battle with powerful gangs connected to Colombian and Mexican cartels. The situation has led to a staggering increase in inmate deaths, with over 430 recorded since 2021, often accompanied by gruesome massacres.

Murder rates in Ecuador have surged dramatically in recent years, with experts warning that it could reach alarming levels in 2023. The nation, nestled between Colombia and Peru, is now a frontline in a devastating conflict between rival drug-trafficking groups, and its citizens are left grappling with unprecedented violence and chaos.

# Dutch Election Heats Up as Three Major Parties Vie for Supremacy

AS the Netherlands prepares for its general election in November, a new poll from I&O research suggests that the political landscape is becoming increasingly competitive. The upcoming election is poised to be a three-horse race, with the VVD, NSC (New Social Christian party led by Pieter Omtzigt), and the GroenLinks-PvdA alliance taking center stage.

According to the poll results, the VVD, currently led by Justice Minister Dilan Yésilgoz, is expected to secure 27 seats in the 150-seat parliament. Remarkably, the other two leading parties are projected to obtain an equal number of seats, with both the NSC and the GroenLinks-PvdA alliance aiming for 26 seats. Notably, this signifies that no single party commands more than 20% support, setting the stage for a highly competitive election.

The far-right PVV party trails behind in fourth place, with an estimated 18 seats, while the pro-farming BBB party is predicted to secure 11 seats, indicating a significant decline from their performance in earlier provincial elections this year. Of particular interest is the NSC's potential for growth, which seems to be driven by the considerable support for Pieter Omtzigt. Although Omtzigt had previously expressed his reluctance to assume the role of prime minister, recent

developments suggest a softening of his stance. Notably, the NSC has yet to release its official election manifesto.

Previous polls have consistently underscored the pivotal role that these three major parties are expected to play in the upcoming election. Furthermore, there is growing speculation that they could form a coalition government without requiring a fourth party to join their ranks. This latest poll was based on a comprehensive survey, representing nearly 2,300 adults. As the election approaches, a total of 29 political parties have submitted lists of candidates, marking a decrease of 12 compared to the previous election held in 2021.

The Dutch general election is set to be an exciting and closely watched contest, with these three major parties competing vigorously for supremacy and the opportunity to shape the nation's political future.

## Benta publico di orkidia

Sociedad di Orquidia Aruba kier a informa e pueblo en general y particularmente amante di orkidia, cu lo bay tin un benta publico di orkidia procedente di Colombia. Meta di esaki ta pa cubri gasto y tur aña Sociedad ta haci un donacion na comunidad.

Tur orkidia ta pa clima calor.

Si por paga na \$ Sociedad lo aprecia esei.

# EU Approves New Digital Border System and ETIAS for Non-EU Travelers

**NEW** EU border system, designed to replace traditional passport stamping with digital checks, is set to become operational in the latter half of 2024, as agreed upon by EU ministers during a recent EU home affairs council meeting in Luxembourg. Under the revised timeline, starting in early 2025, many non-EU citizens will need to utilize the European Travel Information and Authorization System (ETIAS) and pay a €7 fee for short visits to the Schengen area.

The Entry/Exit System (EES), to be launched in 2024, will record data for non-EU citizens entering and exiting the Schengen free-movement zone, including their name, travel document type, fingerprints, facial images, and arrival and departure details. This information will be stored for three years, renewing automatically with each entry.

The EES will be enforced in EU nations, except for Bulgaria, Cyprus, Ireland, and Romania, as well as in Iceland, Liechtenstein, Norway, and Switzerland. In the Netherlands, EES kiosks will be set up at maritime and air border crossings, including Rotterdam Airport, Schiphol, IJmuiden, Hoek van Holland, and the Eurostar stations in Rotterdam and Amsterdam. An information campaign will precede its

launch.

The ETIAS will necessitate applications from non-EU citizens not requiring visas for short Schengen stays. It carries a €7 fee but is free for those under 18 or over 70, as well as family members of EU citizens or nationals from certain associated countries. EU and Schengen residents will be exempt from these checks, as will some family members.

The ETIAS is only applicable to visitors from countries and territorial authorities not requiring visas to enter the EU, such as the US, the UK, Argentina, Mexico, and the UAE. These systems aim to enhance security and will automatically verify that non-EU visitors adhere to the Schengen region's 90-day limit within a 180-day period. Personal data will also undergo cross-checking with other EU databases, such as criminal records.

Furthermore, the European Parliament recently endorsed a law to digitize visas for the Schengen area, replacing traditional passport stickers with online applications for short stays. This single platform will forward requests to the relevant authorities in the countries to be visited.

# María Corina Machado vs President Nicolás Maduro

**MARÍA** Corina Machado, a prominent conservative opposition leader, has been nominated by Venezuelans to challenge President Nicolás Maduro in the upcoming presidential election. The primary election was held, signaling a step towards a more competitive political landscape and internationally monitored elections next year, as agreed upon by the government and opposition.

However, Machado faces a significant obstacle – a government ban that currently prevents her from running for office. She has been disqualified from holding public office for 15 years, making her candidacy uncertain.

Despite these challenges, the primary election saw an impressive turnout, with Venezuelans waiting in long lines to cast their votes. The opposition's victory in this primary marks a significant moment in Venezuelan politics, as it's the first time in more than a decade that they have chosen a single candidate to unite behind.

The government and opposition reached an agreement for elections in the latter half of 2024, and as a response, the U.S. eased sanctions against Venezuela's key industries, including oil, gas, and gold. Secretary of State Antony Blinken conveyed expectations that President Maduro would define a timeline for candidates, including those like Machado, to participate in the elections on an equal footing.

The U.S. Treasury Department authorized American companies to engage in transactions within Venezuela's state-controlled energy sector, with the license renewable if the government follows through with its commitments regarding elections and detained individuals.

While the government hasn't promised to lift bans on some popular opposition candidates, there's hope that a clear pathway for all candidates will be established by the end of November, as suggested by sources familiar with the negotiations.

This primary election, the first since 2012 to select a consensus opposition candidate, has reinvigorated the opposition, despite the challenges they face. The Venezuelan diaspora, dispersed across the globe, played a vital role in participating in the primary, with votes cast in over 20 countries.

The outcome of this primary marks a turning point in Venezuelan politics, breathing new life into the opposition and raising hopes for more democratic and competitive elections in the future. However, the journey ahead remains challenging, and unifying the historically fractured opposition will be a key test for María Corina Machado. Her policy goals, including privatizing the state-run oil industry, may require cooperation with other opposition leaders.

President Maduro's government has dismissed the primary election as fraudulent, raising questions about the credibility of the process. Despite the obstacles and skepticism, this primary has successfully reenergized the Venezuelan opposition and offers hope for a more inclusive and competitive political landscape in the future.

# Dutch Retailers Adapt Language Requirements in Response to Labor Shortages and Diversity Goals

A notable shift is unfolding in the Dutch retail landscape, as several stores are reevaluating their language requirements for employees, primarily due to the current constraints of the labor market. As a result of a survey conducted by NOS, it has come to light that stores are increasingly accommodating English-speaking staff, a change partly motivated by the dual factors of labor shortages and a commitment to diversity in the workplace.

Zeeman, a well-known retail chain, recently modified its language prerequisites, no longer making fluency in Dutch an absolute mandate. The primary driver behind this change has been the challenging labor market conditions. According to a Zeeman spokesperson, this adjustment has afforded greater flexibility in filling job vacancies, particularly in cases where the store manager is proficient in English. The impact of this change is such that fewer than 1 percent of employees engaging with customers are non-Dutch speakers.

In a similar vein, Hema, another prominent retail chain, has cited labor shortages as the reason for employing English-speaking staff. The company emphasizes that its branch managers are responsible for striking a balance between Dutch-speaking and English-speaking employees, ensuring a staff composition that accurately mirrors the linguistic diversity of their clientele. This approach is seen as a crucial step in ensuring that the store's workforce reflects the broader societal makeup.

Jumbo, another retail player, has adopted a distinctive diversity-oriented approach, actively seeking to hire individuals who may not be proficient in Dutch. The company promotes a culture that values differences among colleagues and responds to the language preferences of their customers, especially in urban areas where English communication is more common. To maintain equilibrium, Jumbo ensures the availability of Dutch-speaking colleagues.

Action, meanwhile, is focused on creating a workforce that truly represents its diverse customer base. While they maintain a preference for Dutch-speaking candidates, they are also open to English-speaking candidates who possess the requisite qualifications for the positions. In contrast, Albert Heijn, a well-established Dutch supermarket chain, has long granted its employees the flexibility to interact with customers in both Dutch and English.

On the flip side, certain drugstore chains such as Etos and Kruidvat have maintained their steadfast requirement for employees to be proficient in Dutch. Their justification rests on the belief that offering effective customer assistance and guidance is best achieved in the Dutch language. Nevertheless, some exceptions exist, such as collaborative initiatives with the Amsterdam municipality to provide employment opportunities to individuals from Ukraine, which may require some flexibility in language requirements.

# Max Scherzer's Heroic Quest to Propel Texas Rangers to the World Series

**THE** fate of the Texas Rangers and their quest for the World Series now rests firmly on the shoulders of Max Scherzer as he prepares to take the mound in a pivotal Game 7. This climactic matchup is the culmination of Texas' relentless pursuit of top-notch pitching and their unswerving commitment to winning.

Max Scherzer's journey with the Rangers has been nothing short of remarkable. His previous outing, following an over-a-month hiatus, was far from ideal and played a role in the team's current predicament. However, Scherzer's forthcoming start holds historic significance, as it ties the record for the most starts in a winner-take-all postseason game. The outcome will decide whether the Texas Rangers make it to the World Series, a testament to the team's vision in acquiring Scherzer.

The Texas Rangers' dramatic transformation began with their ambitious approach to free agency. After a disappointing 102-loss season, they invested heavily in bolstering their roster. In 2022, they were already adding star players to their lineup, significantly raising their payroll.

The team's resolute determination to improve continued, focusing on fortifying their pitching staff. In this year's post-season, every game was initiated by a pitcher who was not with the team the previous year.

Their ace in Game 7, Max Scherzer, joined the Rangers in a high-stakes trade from the New York Mets. Despite some mid-season challenges, Scherzer showcased his intensity,

preparation, and commitment to winning. He admirably battled through an injury to make a significant impact on the Rangers' postseason journey.

Although Texas had to overcome challenges like injuries to key pitchers, they entered Game 7 well aware that their recent acquisitions had fortified their roster. With Max Scherzer on the mound, they are placing their trust in his impressive track record and experience in high-stakes games. Scherzer's past Game 7 performance in the 2019 World Series attests to his ability to deliver under pressure.

The Texas Rangers' determination to win now and the offensive prowess they've demonstrated throughout the season have brought them to this defining moment.

All that remains is the pitching performance they need to clinch a spot in the World Series. On Max Scherzer's capable shoulders lies the weight of their hopes and aspirations.

\$79

FOOD & WINE PAIRING

October 28th 2023  
Starting at 7:00 PM

Avocado & Crab

Crispy parmesan, local greens and sun-dried tomato

Trumpeter Reserve Pinot Grigio

Grilled Octopus

Mango and passion fruit mignonette

Trumpeter Chardonnay

Short Ribs

Potato, grilled broccolini, and red wine jus

Trumpeter Reserve Cabernet Sauvignon

Yogurt Panna Cotta

Roasted peaches, basil and dulce

Trumpeter Reserve Doux

-Reservation is required (reservations@aqua-grill.com)

-Wonderful raffle at the end of the night

A 15% service charge will be added to the bill

Hodgson Trading

AQUA GRILL

## Phillies Regain Confidence with Crucial Game 5 Victory

**IN** the midst of the National League Championship Series, the Philadelphia Phillies faced a challenging question – how would they respond to consecutive losses, especially a painful Game 4 collapse? The resounding answer came on Saturday night when the Phillies clinched a vital 6-1 victory against the Arizona Diamondbacks in Game 5 at Chase Field.

The turning point occurred during a pre-game gathering in the clubhouse. Despite recent setbacks, the Phillies players rallied together, emphasizing the importance of their situation. Catcher J.T. Realmuto summarized their mindset, stating that they would have gladly accepted the scenario of winning two out of three games in Spring Training if it meant a ticket to the World Series.

With star pitchers Zack Wheeler, Aaron Nola, and Ranger Suárez set to take the mound in the upcoming games, the Phillies had plenty of reasons for optimism. Their confidence was palpable as they stepped onto the field for Game 5.

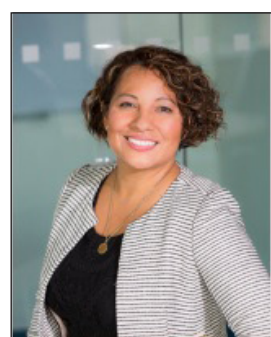

**The message circulating within the team was clear:** confidence was key. Rather than forcing outcomes, they would

let the game unfold naturally. It was a unified approach that resonated throughout the team, as players maintained faith in their abilities.

In an unexpected start to Game 5, Kyle Schwarber managed an infield single, subsequently scoring the opening run for the Phillies. The real surprise came later when Bryce Harper executed an audacious steal of home, exemplifying the Phillies' bold approach. This gutsy play, proposed by manager Rob Thomson, paid off, securing a 2-0 lead against the D-backs.

The Phillies now find themselves just one win away from securing their second consecutive National League pennant. With a 3-2 series lead, history is on their side, as teams in this position have won the series 71 percent of the time. Game 6 is set to unfold at Citizens Bank Park, with the possibility of a Game 7 to decide it all.

Confidence and calculated risks have propelled the Phillies to the brink of another NL pennant. Their unshaken belief in each other and their abilities could soon lead them to a triumphant return to the World Series.

# Verstappen Faces Boos on the Podium, Christian Horner Responds

**CHRISTIAN** Horner, the Team Principal of Red Bull Racing, has brushed off the boos directed at Max Verstappen during the United States Grand Prix podium celebration. Despite claiming his 50th Formula 1 career victory in Austin and securing his third consecutive win at the Circuit of The Americas, Verstappen encountered some negative reactions from the crowd.

The Dutch driver’s 50th F1 triumph is a remarkable achievement, placing him just one victory behind Alain Prost, who stands fourth in the all-time winners’ rankings. Nonetheless, the victory lap was accompanied by jeers from a section of the spectators in Austin.

Horner, when asked about the booing, remained unfazed. He likened the criticism to “water off a duck’s back,” underlining the team’s focus on their objectives and performance rather than being deterred by disapproving fans. While Verstappen faced some vocal displeasure in Austin, it is worth noting that the location has typically been a stronghold for Red Bull’s Mexican driver, Sergio Perez.

Max Verstappen’s victory in Austin has significantly intensified the competition for the 2023 Formula 1 World Championship. The Dutch driver is now challenging Lewis Hamilton for the championship title, as the season continues to deliver thrilling races and high-stakes moments.

Horner’s resilience in the face of fan reactions underlines the team’s unwavering commitment to their goals. With the championship battle heating up, Verstappen and Red Bull Racing are determined to maintain their focus and strive for excellence in the races to come. The Formula 1 season is entering a crucial phase, with fans eagerly anticipating the outcome of this closely contested championship battle.

A Bold Move in a Shifting Energy Landscape

# Chevron's \$53 Billion Acquisition of Hess Corporation

A significant development in the energy sector, Chevron, one of the leading oil and gas companies, has announced a monumental deal to acquire Hess Corporation in an all-stock transaction valued at a staggering \$53 billion. This strategic move underscores Chevron's confidence in the enduring demand for fossil fuels, even as global energy dynamics evolve. The transaction places the equity value of Hess at \$53 billion, with a comprehensive enterprise value, including debt, reaching \$60 billion. This acquisition comes on the heels of ExxonMobil's purchase of Pioneer Natural Resources earlier this month, a deal totaling \$64 billion in enterprise value.

Market reactions to this acquisition have been notable. Chevron's shares experienced a 3.4 percent drop in pre-market trading, while Hess's shares climbed by 0.6 percent, resulting in a market capitalization of nearly \$50.1 billion. The offer represents a 10.3 percent premium over the average of Hess's shares over the past 20 days.

The energy industry in the United States is currently in a phase of consolidation as companies seek to leverage the substantial profits generated during the energy crisis. However, this consolidation is driven by an awareness of the long-term challenges facing the sector as developed nations intensify efforts to reduce their reliance on fossil fuels.

In contrast to some European counterparts like BP and TotalEnergies, who are shifting focus towards renewable energy investments, U.S. energy majors such as Chevron and ExxonMobil maintain their faith in the resilience of oil and gas demand over the long run. They are also keen on expanding their presence in the thriving U.S. shale sector and the fast-growing Guyana oil exploration.

The acquisition of Hess will significantly bolster Chevron's oil and gas production, providing a more than 10 percent increase. During the second quarter, Chevron achieved a daily production of nearly 3 million barrels of oil equivalent, while Hess recorded 387,000 barrels of oil equivalent per day, up from 344,000 in 2022 due to increased production in Guyana.

In a recent interview, Chevron's CEO, Mike Wirth, defended the company's commitment to growing its oil and gas output, challenging forecasts from the International Energy Agency suggesting that fossil fuel demand may peak by the end of

the decade. Wirth emphasized the need to adapt to real-world demands and allocate capital accordingly.

Wirth, in a statement, highlighted that the acquisition of Hess would "strengthen our long-term performance and further enhance our advantaged portfolio by adding world-class assets." Hess's assets include a substantial 30 percent stake in an offshore oil exploration scheme in Guyana, which has seen Guyana's oil production surge from nothing before 2019 to an average of 260,000 barrels per day in 2022, with further growth anticipated.

The relatively small premium offered to Hess can be attributed in part to the high valuation of its shares, which were nearing an all-time high. Furthermore, John Hess, the company's CEO, has changed his stance on selling, potentially facilitating the deal.

The acquisition is not expected to face significant antitrust challenges due to limited overlap between the companies' assets.

The deal, set to be finalized in the first half of the next year, will see Chevron issue around 317 million shares. Both companies anticipate cost savings of approximately \$1 billion within a year of closing, and Chevron expects to raise proceeds of \$10 billion to \$15 billion through 2028, before taxes, via asset sales.

In a landscape where major deals are becoming increasingly complex, Chevron's acquisition of Hess reflects the company's bold approach to navigate an evolving energy industry. It's a significant move that will strengthen Chevron's position and diversify its portfolio, securing a promising future amidst changing energy dynamics.

## Environmental Technologies:

# Developing a Sustainable Future

**THE** quest to mitigate climate change and protect our environment, innovative technologies are emerging as powerful tools that promise to reshape the way we interact with the planet. Among these groundbreaking advancements are environmental technologies, encompassing innovations in carbon capture, recycling, and sustainable agriculture.

As we look towards the future, it becomes increasingly evident that these technologies will play a pivotal role in addressing climate change and ensuring a sustainable, thriving world for generations to come.

## The Carbon Capture Revolution

Carbon capture and storage (CCS) technology is at the forefront of the battle against climate change. Its primary goal is to capture carbon dioxide (CO<sub>2</sub>) emissions from various sources, such as power plants and industrial facilities, before they are released into the atmosphere. This process prevents harmful greenhouse gases from exacerbating the greenhouse effect.

One of the most promising CCS methods involves direct air capture (DAC). This technology employs giant fans to pull in ambient air, capturing CO<sub>2</sub> from the atmosphere. The captured carbon can then be stored underground or repurposed for various industrial uses, thereby significantly reducing net emissions. As these systems become more efficient and affordable, they will aid in achieving the critical goal of carbon neutrality.

## Recycling Reimagined

The recycling industry is undergoing a transformation, moving beyond traditional practices to embrace innovative approaches. These include advanced sorting and separation technologies that enhance recycling rates, and the development of recyclable materials that can replace single-use plastics. Innovations in waste-to-energy processes also hold the potential to produce clean energy while reducing landfill waste.

Perhaps one of the most intriguing recycling technologies is chemical recycling, which can break down plastics into their original components for reuse.

Furthermore, upcycling techniques are gaining traction, transforming waste materials into valuable products. These innovations will not only reduce waste but also reduce the demand for virgin materials, lessening the environmental impact of production.

## Sustainable Agriculture: A Greener Tomorrow

Agriculture is a cornerstone of human survival, but traditional practices can have severe environmental consequences. Sustainable agriculture technologies are on the rise, reimagining how we grow, harvest, and distribute food. Vertical farming, for instance, leverages controlled indoor environments and efficient resource use to produce food with minimal land and water requirements.

Precision agriculture employs data-driven technologies, such as drones and sensors, to optimize crop yields while minimizing resource consumption. It offers insights into soil health, reducing the need for harmful pesticides and promoting biodiversity.

Moreover, the integration of regenerative farming practices can restore ecosystems, sequester carbon in the soil, and promote sustainable food production. These practices show us the potential to not only feed a growing population but also to reverse the environmental damage caused by conventional farming.

## The Future of Environmental Technologies

As we peer into the future, the importance of these environmental technologies becomes more evident. They offer tangible solutions to some of the most pressing challenges of our time, from mitigating climate change to conserving vital resources. For society to embrace a more sustainable path forward, these innovations must be integrated into our daily lives and supported by robust policies and investments. It is through these environmental technologies that we find the promise of a greener, cleaner, and more harmonious future for our planet. The choices we make today will determine the world we pass on to the generations that follow.

Cutting-Edge Holographic Breakthrough:

# Transforming 2D Images into Immersive 3D with Deep Learning

A groundbreaking stride, researchers have unveiled an ingenious deep-learning method that can effortlessly conjure 3D holograms from ordinary 2D images, all of this using standard cameras. This remarkable technique, comprising a triad of deep neural networks, not only simplifies the hologram creation process but also outperforms current high-end graphics processing units in terms of speed. What's more, it eliminates the need for costly equipment like RGB-D cameras post-training, making it an incredibly cost-effective solution. This advancement holds the promise of revolutionizing high-fidelity 3D displays and in-vehicle holographic systems.

## Holograms: Bridging the Gap Between 2D and 3D

Holograms have long tantalized us with their capacity to present three-dimensional views of objects, offering a level of detail and immersion that conventional 2D images can hardly match. Their applications span diverse sectors, including medical imaging, manufacturing, and virtual reality, offering a fresh perspective on reality.

## Traditional Holography's Complexity

Conventional holography entails capturing an object's intricate 3D data and its interactions with light. However, this process comes with substantial computational demands and necessitates specialized cameras for capturing 3D images, thereby imposing barriers to widespread hologram adoption.

## Deep Learning: A Beacon of Hope

In recent times, deep learning has emerged as a beacon of hope for generating holograms. It can craft holograms directly from 3D data sourced from RGB-D cameras, which capture both color and depth information. This approach skirts many computational challenges linked to conventional methods and offers an easier way to produce holograms.

## A Pioneering Approach to Holography

Now, a dynamic team of researchers spearheaded by Professor Tomoyoshi Shimobaba at the Graduate School of Engineering, Chiba University, introduces an innovative hologram generation approach grounded in deep learning. This approach can transform run-of-the-mill 2D color images, captured using standard cameras, into riveting 3D

holographic visuals. The study, co-authored by Yoshiyuki Ishii and Tomoyoshi Ito, has recently surfaced in the prestigious journal *Optics and Lasers in Engineering*. Delving into the motivation behind this trailblazing research, Professor Shimobaba explains, "We embarked on this study because we firmly believe that deep learning, which has rapidly advanced in recent years, holds the potential to resolve the issues associated with realizing holographic displays."

## The Three-Stage Deep Learning Odyssey

This pioneering approach harnesses three deep neural networks (DNNs) to metamorphose mundane 2D color images into data suitable for projecting a 3D scene or object as a hologram. The first DNN takes a standard color image from a regular camera as input and predicts the accompanying depth map, offering insights into the image's 3D structure. Both the original RGB image and the depth map crafted by the first DNN then become the canvas for the second DNN to craft a hologram. The final touch is provided by the third DNN, which polishes the hologram from the second DNN, tailoring it for diverse display devices.

What's more, the researchers discovered that the processing speed of this innovative approach eclipses that of a state-of-the-art graphics processing unit.

## Future Prospects and Closing Thoughts

In the not-so-distant future, this trailblazing approach could revolutionize heads-up and head-mounted displays, enabling the creation of high-fidelity 3D presentations. Additionally, it could usher in a new era of in-vehicle holographic head-up displays, potentially presenting passengers with vital information about people, roads, and signage in mesmerizing 3D. With these transformative applications on the horizon, this approach is poised to redefine the landscape of ubiquitous holographic technology.

# Generation Z: Pioneers of Tomorrow's World

**THE** grand tapestry of generations, Generation Z has emerged as the architects of the future. Born into a world that straddles the physical and the digital, they hold within them the potential to redefine our world. Comprising those born roughly from the mid-1990s to the early 2010s, Gen Z is unique in its attributes and its ability to shape tomorrow.

## The Digital Vanguard:

One distinguishing feature of Gen Z is its status as digital natives. Raised in a world permeated by technology, they possess a fluency with digital tools that is unparalleled. The lines between the virtual and the real have blurred, and Gen Z is at the forefront of innovations that challenge our understanding of communication, labor, and interpersonal relationships. They are crafting a future where the digital realm is seamlessly integrated into the fabric of our daily lives, a future where technology enhances rather than hinders.

### Societal Guardians:

Perhaps one of the most compelling aspects of Gen Z is its commitment to social and environmental causes. This generation is unafraid to raise its voice for social justice, climate action, and equity. From climate strikes to advocacy for gender equality, Gen Z is the driving force behind movements that are reshaping our societal landscape. Their activism is not confined to online spaces; it manifests in the streets, in boardrooms, and in government chambers. Gen Z's influence is inscribed in the policies that will dictate our future.

## Entrepreneurial Pioneers:

Entrepreneurship is in Gen Z's DNA. Side hustles, start-ups,

and an unquenchable desire to chart their own path are hallmarks of this generation.

As they redefine the employment landscape, the notion of a traditional 9-to-5 job is giving way to a dynamic world of self-employment and freelancing. Gen Z is creating a future where individualism and innovation thrive.

### Diversity and Inclusion Advocates:

In a world that increasingly values diversity and inclusion, Gen Z is the torchbearer. They are determined to create a world where every voice is heard, regardless of background or identity. The future they are shaping is one where equity is not a lofty ideal but an everyday reality.

## The Guardians of Knowledge:

The way we learn and acquire knowledge is undergoing a metamorphosis, and Gen Z is steering this change. Their thirst for personalized, technology-driven learning experiences is reshaping the education landscape. The future of learning is flexible, tech-infused, and accessible to all, thanks to Gen Z's innovative spirit.

In the grand narrative of human progress, Generation Z stands as a pivotal chapter. They are pushing the boundaries of what is possible, redefining societal norms, and harnessing the power of technology to propel us into an uncharted future.

As they weave their unique narrative into the fabric of time, Gen Z's influence is undeniable, and their legacy promises to be an indelible part of our collective story.

## Understanding ESG:

# A Holistic Approach to Evaluating Company Ethics and Sustainability

**TODAY'S** business landscape, the focus on corporate responsibility and sustainability has gained significant prominence.

One key framework that has emerged to evaluate a company's ethical and sustainable practices is ESG, which stands for Environmental, Social, and Governance.

**Environmental (E)** considerations within ESG delve into how a company manages its environmental footprint. This includes its efforts to combat climate change, promote energy efficiency, reduce carbon emissions, handle waste responsibly, and manage water resources efficiently.

**Social (S)** factors examine the relationships a company nurtures with its employees, customers, communities, and various stakeholders. Among the elements assessed are labor practices, diversity and inclusion initiatives, employee well-being, adherence to human rights, and community engagement.

**Governance (G)**, in the ESG framework, looks into the way a company is governed and managed. This encompasses aspects such as board structure, executive compensation, transparency in operations, ethical business practices, and compliance with legal and regulatory standards.

The growing importance of ESG factors is evident in the world of investments, where stakeholders are increasingly considering these criteria in addition to traditional financial indicators. It is a holistic approach that allows for a more comprehensive evaluation of a company's impact, extending beyond mere financial performance.

By considering ESG criteria, investors and businesses are better equipped to make well-informed decisions, promoting ethical practices, sustainability, and responsible corporate behavior. ESG represents a proactive step toward a more responsible and sustainable business environment.

Revolutionizing Elderly Care:

# Future Protocols Pave the Way for Enhanced Well-being

**ELDERLY** care is on the cusp of a transformative revolution. As the global population ages and life expectancy increases, innovative protocols are emerging to ensure that seniors can enjoy their golden years with dignity and comfort.

These future-focused practices are set to reshape elderly care by implementing a holistic approach, integrating technology, fostering age-friendly communities, personalizing care plans, and prioritizing caregiver support. This article delves into these protocols, shedding light on the promising path ahead.

## Holistic Care Approach

One of the cornerstones of future elderly care is adopting a holistic approach. This perspective recognizes the multidimensional aspects of seniors' well-being, addressing their physical, mental, and emotional needs.

Healthcare professionals are moving beyond one-size-fits-all solutions, focusing on comprehensive health assessments and personalized care plans. This approach ensures that seniors' overall quality of life is the top priority, leading to better outcomes and greater satisfaction.

## Integration of Technology

The integration of technology plays a pivotal role in enhancing elderly care. Wearable devices, smart home technologies, telehealth services, and assistive robotics are among the technological innovations that will revolutionize the field. These solutions facilitate remote monitoring, timely interventions, and increased independence for seniors. Electronic health records will ensure seamless communication between healthcare providers, enabling better-informed and collaborative care.

## Age-Friendly Communities

Creating age-friendly communities is an essential component of future elderly care. These communities are designed to be inclusive, accessible, and safe for seniors. Features include pedestrian-friendly streets, affordable housing, and recreational spaces that cater to the needs and interests of older adults. By fostering an environment that promotes engagement and social inclusion, age-friendly communities contribute significantly to seniors' well-being.

## Personalized Care Plans

Personalization is at the heart of future elderly care protocols. Caregivers will develop tailored care plans based on each senior's unique needs, preferences, and health conditions. This approach ensures that care is targeted, effective, and dignified. Seniors can expect individualized attention and support that addresses their specific requirements.

## Supporting Caregivers

While seniors benefit from these protocols, caregivers are not forgotten. They play a vital role in the well-being of the elderly, and future protocols are set to provide them with the support they need. Caregivers will have access to respite services, mental health resources, and training opportunities to enhance their caregiving skills. A well-supported caregiver is better equipped to provide top-quality care to seniors.

The future of elderly care promises a blend of compassion and innovation that seeks to provide seniors with a higher quality of life. These emerging protocols emphasize holistic approaches, technology integration, age-friendly environments, personalized care plans, and robust caregiver support.

By adopting these practices, we are laying the foundation for a brighter and more dignified future for our elderly population. These protocols signify society's commitment to honoring and caring for those who have contributed so much throughout their lives. As the world continues to evolve, these innovations ensure that seniors can age with grace and respect.

## The Healing Power of Energy

# Exploring Reiki and Qi Gong

**THE** pursuit of holistic well-being and inner harmony, many individuals turn to alternative therapies that focus on the subtle energies flowing through our bodies. Among these approaches, Reiki and Qi Gong stand out as prominent forms of energy healing. Rooted in ancient traditions, these practices offer unique methods for channeling and balancing the body's vital life force energy. This article delves into the world of energy healing, focusing on Reiki and Qi Gong, and their profound impact on overall well-being.

### Reiki: Healing Through Universal Life Force Energy

Reiki, a Japanese healing technique developed by Mikao Usui in the early 20th century, is centered on the concept of channeling universal life force energy to promote healing and relaxation. The word "Reiki" can be broken down into "Rei," meaning universal, and "Ki," signifying life force energy. Practitioners believe that by acting as a conduit for this energy, they can facilitate physical, emotional, and spiritual healing.

Reiki sessions often involve a practitioner gently laying their hands on or above the recipient's body, allowing the energy to flow and address areas of imbalance or blockage. It is believed that Reiki energy works on multiple levels, promoting relaxation, reducing stress, and accelerating the body's natural healing processes. People seek Reiki for a wide range of issues, including pain management, emotional distress, and overall wellness.

### Qi Gong: Cultivating Vital Energy

Qi Gong, on the other hand, finds its origins in ancient Chinese traditions. This practice revolves around the cultivation and balance of "Qi," the life force energy that flows

within and around us. Qi Gong encompasses a variety of physical movements, breathing exercises, and meditative techniques, all designed to enhance the body's vitality and promote harmony.

Qi Gong practitioners aim to open energy channels, stimulate circulation, and clear energetic blockages. Regular practice of Qi Gong is believed to improve physical health, boost mental clarity, and heighten one's connection to the spiritual self. Whether through slow, flowing movements or stationary poses, Qi Gong helps individuals attune to the rhythms of their body and the universe.

### The Impact on Well-Being

Both Reiki and Qi Gong share the goal of fostering well-being by harnessing the body's innate energy systems. The benefits of these practices extend beyond the physical realm and often lead to emotional balance and heightened spiritual awareness. Many who incorporate these energy healing techniques into their lives report increased relaxation, reduced stress levels, and a stronger sense of inner peace.

In a world where holistic well-being is increasingly sought after, Reiki and Qi Gong stand as two remarkable paths to healing and balance. By acknowledging the significance of universal life force energy and its influence on our physical, emotional, and spiritual states, these practices offer unique avenues for individuals to embark on a journey of self-discovery and overall well-being. Whether you choose the gentle touch of Reiki or the flowing movements of Qi Gong, both approaches share the common thread of working with the subtle energies that shape our lives.

## 5 Morning Habits to Supercharge Your Day

**MORNINGS** set the tone for the rest of your day. By incorporating positive habits into your morning routine, you can supercharge your day, boost productivity, and enhance your overall well-being.

**Here are five morning habits to get you started on the right foot:**

**Early Rising:** Start your day by waking up early. This habit allows you to have some quiet, uninterrupted time for yourself. Early mornings are often the most peaceful part of the day, making it an excellent opportunity for self-reflection, meditation, or simply enjoying a cup of coffee or tea in solitude.

**Exercise and Movement:** Incorporating physical activity into your morning routine can have a profound impact on your energy levels and overall health. Whether it's a brisk walk, yoga, or a full workout, getting your body moving in the morning can boost your metabolism, increase alertness, and improve mood.

**Healthy Breakfast:** Breakfast is often referred to as the most important meal of the day, and for a good reason. A nutritious breakfast provides your body with essential nutrients and energy to kickstart your day. Opt for a balanced breakfast that includes whole grains, protein, and fruits or vegetables. Avoid sugary cereals or pastries, as they can lead to

energy crashes later in the day.

**Mindfulness and Meditation:** Take a few minutes each morning to practice mindfulness or meditation. This habit can help you clear your mind, reduce stress, and improve your focus. You can start with simple deep breathing exercises or guided meditation sessions. Cultivating a calm and centered mind early in the day can set a positive tone for the hours ahead.

**Goal Setting:** Begin your day by setting clear goals and intentions. Take a moment to outline what you want to achieve during the day. Whether it's work-related tasks, personal goals, or acts of kindness, having a plan can help you stay organized and motivated. Make a to-do list or use a journal to keep track of your daily objectives.

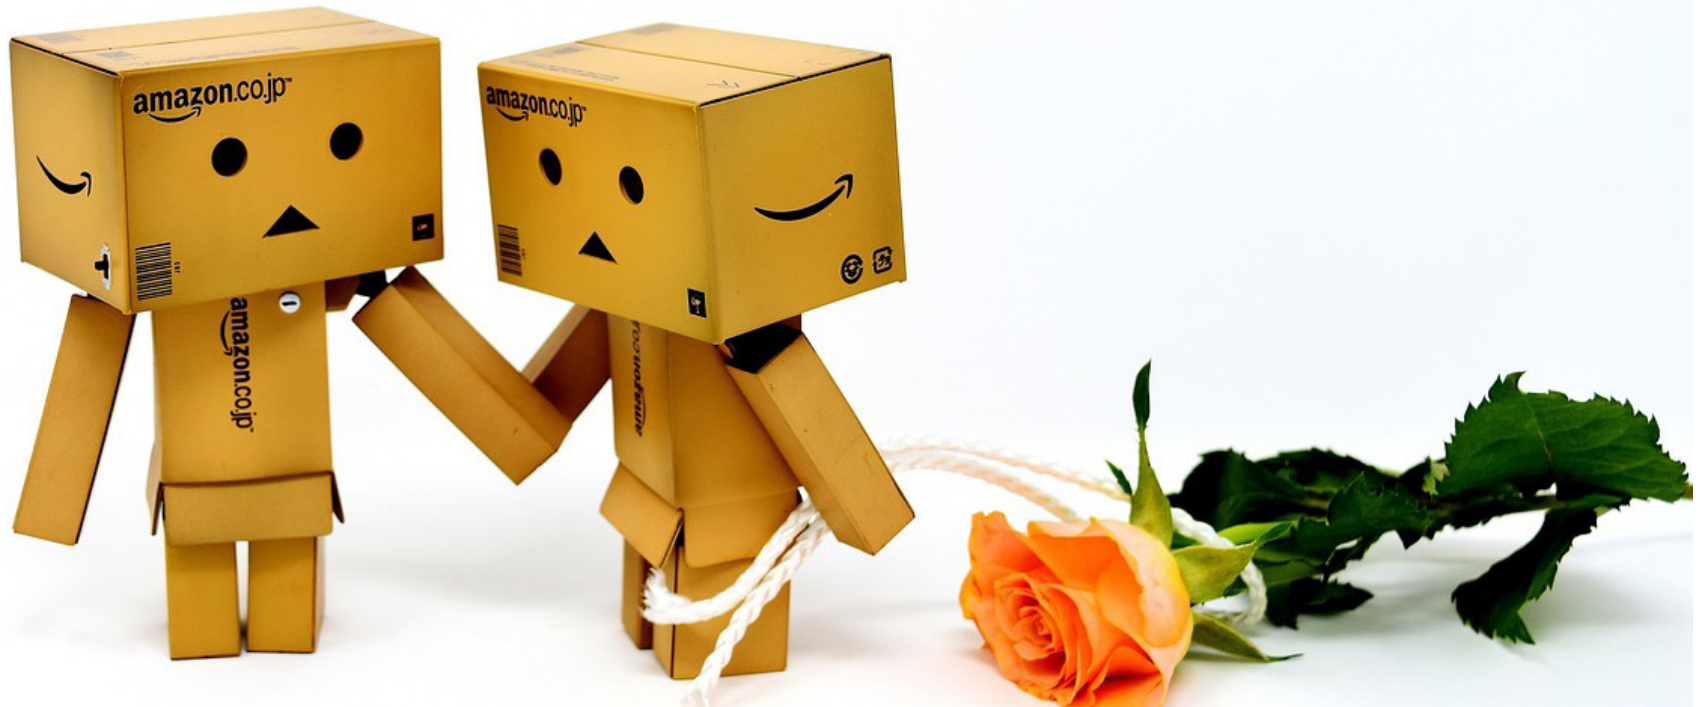

Incorporating these morning habits into your daily routine can provide a strong foundation for a productive and fulfilling day. While it may take some time to establish these habits, the benefits, such as increased energy, reduced stress, and improved focus, are well worth the effort.

Start by introducing one or two of these habits and gradually add more to create a comprehensive morning routine tailored to your preferences and needs. Supercharge your day, one morning at a time.

## Building Bridges to Peace

# The Art of Conflict Resolution and Mediation

**IN** a world that often seems to be rife with disagreements and discord, the skills of conflict resolution and mediation are more vital than ever. These invaluable tools are not limited to diplomats and professionals alone but can be applied in our everyday lives to foster understanding and harmony.

## Understanding Conflict

Conflict is a natural part of human interaction. It can arise from differing opinions, values, needs, or goals. Whether it's a dispute between coworkers, a family quarrel, or international tensions, conflict can have a profound impact on relationships and well-being. However, it's essential to recognize that conflict itself is not necessarily a negative force. It is how we handle it that matters.

## Conflict Resolution: Finding Common Ground

Conflict resolution is the process of addressing and settling disputes in a peaceful and constructive manner. It often involves active listening, effective communication, and a willingness to find common ground. The goal is to arrive at a mutually acceptable solution, promoting better relationships and avoiding escalation.

## Mediation: A Guiding Hand

Mediation takes conflict resolution a step further. A trained mediator acts as a neutral third party, helping conflicting parties communicate, understand each other's perspectives, and reach a resolution. Mediation is widely used in various settings, from community disputes to divorce proceedings. It offers a structured and non-adversarial approach to conflict management.

## The Benefits of Conflict Resolution and Mediation

**Preservation of Relationships:** By addressing conflicts

proactively and constructively, we can maintain and even strengthen our personal and professional relationships.

**Reduced Stress:** Unresolved conflicts can lead to stress and anxiety. Conflict resolution and mediation provide a path to alleviate this stress.

**Cost-Effective:** Mediation is often more cost-effective than litigation, making it a preferred method for resolving disputes.

**Empowerment:** Conflict resolution empowers individuals to take an active role in finding solutions and making decisions, rather than leaving them in the hands of authorities or courts.

**Community Building:** Mediation can contribute to the social fabric of a community by resolving disputes in a way that promotes understanding and cooperation.

## Learning Conflict Resolution and Mediation

These skills are not innate but can be acquired through education and practice. Many organizations, educational institutions, and community groups offer training in conflict resolution and mediation. Such training equips individuals with the tools needed to navigate and mitigate conflicts effectively.

Conflict resolution and mediation are powerful tools that can transform conflict from a destructive force into an opportunity for growth and understanding. They empower individuals to take control of their conflicts and find peaceful solutions that benefit all parties involved. By investing in these skills, we can build bridges to peace, not only in our personal lives but also on a broader scale, contributing to a more harmonious world. Conflict will always exist, but our approach to it can make all the difference in creating a better, more peaceful future.

## A Universal Pursuit

# The Quest for Happiness

**HAPPINESS**, an ever-elusive emotion, has entranced humanity for generations. It remains one of the most sought-after states of being, and yet, its definition and attainment prove to be deeply personal and ever-evolving. In this article, we explore the complex concept of happiness, its significance in our lives, the various factors that influence it, and strategies that individuals employ to lead happier lives.

## Defining Happiness

Happiness is a multifaceted emotional and mental state characterized by positive feelings, contentment, and an overarching sense of life satisfaction. It goes beyond mere moments of joy and extends to the profound well-being of an individual. The essence of happiness lies in its subjectivity; it varies from one person to another. Despite these differences, it is widely understood that happiness is an internal state, not merely a product of external circumstances.

## The Universal Pursuit

The pursuit of happiness is a timeless and shared human endeavor. It transcends cultural, geographical, and temporal boundaries. Throughout history, people have sought happiness through diverse avenues, including love, success, wealth, and spiritual enlightenment. While the paths may differ, research suggests that certain common factors play pivotal roles in leading a fulfilling life.

## Influential Factors

**Positive Relationships:** Meaningful connections with family, friends, and loved ones offer emotional support, companionship, and a sense of belonging, forming the bedrock of happiness.

**Health and Well-being:** Physical and mental health are intrinsically linked to happiness. Regular exercise, a balanced diet, and stress management contribute significantly to overall well-being.

**Financial Stability:** While not a sole determinant of happiness, financial stability can alleviate stress and provide the freedom to pursue enjoyable activities.

**Purpose and Meaning:** A profound sense of purpose and meaning in life is a defining factor of happiness. It can be achieved through personal goals, a fulfilling career, or making meaningful contributions to the community.

**Positive Mindset:** Cultivating optimism and resilience can enhance happiness. Positive self-talk and gratitude practices have the potential to reshape one's mindset and outlook on life.

## Strategies for a Happier Life

**Cultivate Relationships:** Devote time and energy to nurture meaningful relationships. Sharing experiences, providing support, and surrounding oneself with positive influences are key steps.

**Prioritize Health:** Adopt a lifestyle centered around healthy choices. This includes regular exercise, maintaining a balanced diet, and effectively managing stress.

**Seek Purpose:** Uncover your passions and interests, engaging in activities that resonate with your values to find a sense of purpose and fulfillment.

**Practice Gratitude:** Delve into the practice of appreciating the positive aspects of life. Gratitude journals and reflective exercises are valuable tools to foster a more optimistic mindset.

**Live in the Present:** Embrace mindfulness, a state of being fully present in the moment. This practice can enhance happiness by reducing anxiety about the future and regrets about the past.

The pursuit of happiness is a universal and ongoing journey. While there is no one-size-fits-all formula for happiness, the pursuit itself is a profound aspect of human existence. By comprehending the factors that influence happiness and adopting strategies to elevate well-being, individuals can embark on a path to lead happier and more fulfilling lives. Understanding that happiness is not a fixed destination but an ever-evolving journey is crucial. It is not the absence of difficulties but the ability to find joy even in the face of adversity. In essence, happiness is a pursuit that encapsulates the essence of human existence, uniting us all in its quest.
